

VISITING DAY
by
Donny Hurwitz

This year Visiting Day was a huge success. At first the weather did not look too promising, but later the overcast settled and it turned out to be a very delightful day. The events all began when Lou Fuccillo announced: "Visiting Day will now begin." The campers came running off the campus like a hurricane and greeted their parents who were at the rec hall. During the following hours the campers showed their parents around the camp and introduced them to some of the staff. Later there was also a water show with a Junior and Senior General Swim with a water skiing "spectacular" as a side-light. However, as you know, all good things must come to an end, and so Visiting Day 1962 at West End House Camp came to an end with lots of tears and sighs from campers and parents alike.
