## DEDICATION

When Gerald (Jerry) Feld enrolled at West End House Camp in 1948, he followed in the footsteps of his father, Max, who had been active in West End House affairs since the 1920s. Jerry continued as a camper and counselor until 1960, distinguishing himself as an outstanding athlete and loyal friend.

A native of Brookline, MA, Jerry also excelled at Brookline High School where he graduated in 1956 and was captain of the basketball team. He earned his bachelor's degree at Bates College in Maine where he was a four year letter man in baseball and basketball and was selected as an All Maine and All New England basketball player.

Jerry was also known in the local Cornish - Parsonsfield area as an imposing southpaw pitcher who played on WEHC baseball teams that competed against local groups.

After graduating from Bates in 1960, he spent part of that summer at West End House Camp supervising the CITs. Later that summer he enlisted in the Navy and was commissioned an officer in December of that year. He volunteered for the Navy SEAL Program and was trained as a diver, demolition expert and parachutist. He completed his SEAL duties in August 1965 and joined the Naval Reserve, retiring as a Captain (a rank that is equivalent to a Colonel in the Army).

In 1965, he entered Boston University Law School, and returned to West End House Camp in 1966 as Waterfront Director. After earning his law degree in 1972 he practiced law as an Industrial Accident and Workers Compensation Trial Attorney.

Jerry always liked seeking an adventure and he enjoyed deep sea diving, fishing, golfing, and skiing. He was an avid fan of the Boston Celtics.

Each summer he returned to Old Timers' Week where, according to him, the "West Enders were all members of a very close and special group." He felt that he had learned a lot from his years at camp including "loyalty, friendship, competitiveness and family." At camp, he said, "I learned to give every activity my best shot."

Jerry passed away on May 20, 2022. As an everlasting tribute to him a large plaque near the waterfront was dedicated to his memory during Old Timers' Week. Jerry Feld loved a good time and, in turn, was beloved by all. His passing has left a deep gap in the ranks of the Old Timers, but the memory of him and his accomplishments will live on forever.

It is with the deepest respect and love that the 2022 Spirit is dedicated to

## JERRY FELD

## ACKNOWLEDGMENTS

Our thanks go to the following people for their contributions of time, resources and personal involvement in ensuring the great success of the Camp Season 2022.

- Dr. Jeffrey Kublin, Immediate Past President of WEH Camp, newly installed President Stuart Snyder, and Vice President Josh Swiecicki for their great efforts on our behalf.
- Past Presidents Henry Barr, Marty Jacobs and Michael Berger for their continued assistance and wise counsel.
- Dr. Evan Hack, for his leadership role in advising the Camp Board of Directors about the COVID-19 crisis.
- Bob Goober, Billy Swiecicki and Josh Swiecicki for heading up the Facilities Committee and planning and supervising the many capital improvement projects, including modernizing cabin bathrooms and the new Council Ring.
- Bobby Ryter for continuing to oversee the budget and advise the Board on various financial matters.
- Geoff Dancey for his experience in the field of investments and for supervising our Endowment Fund.
- Marty Jacobs for his liaison efforts with Long Pond Association.
- Henry Barr and Andrew Chaban for their fundraising efforts.
- The Trustees and Members of the Board of Directors who meet regularly to oversee the operation and whose committees ensure that WEH Camp is the very best it can possibly be. Board members are listed elsewhere in the Spirit, and each has been tremendous in his or her support of the Camp.
- Aaron Leppo, Full Line Graphics, for arranging for our printing needs, including the printing of the 2022 Spirit.
- Sincere gratitude to Tony Goroshko for his efforts in providing a truck for transportation of the campers' luggage on the last day of camp.
- Franciscan Children's Hospital for allowing parking for the buses at the end of each session.
- Tom Randall for volunteering to drive the van and also for serenading us with live music at many meals.

## MESSAGE FROM THE EXECUTIVE DIRECTOR-BILL MARGOLIN

The summer of 2022 was not without its challenges, but due to the excellent leadership of Ryan Wilensky, the medical staff, and a veteran crew of counselors we faced these challenges and can report another successful season. The weather was generally hot and perfect in many ways for camp programs. The lake was the clearest and cleanest it has ever been.

A lot of people contributed to the success. First and foremost was Ryan Wilensky, Camp Director, who, I think, works 30 hours each day all year round to ensure success. How he does this, I don't know, and I am especially in awe of his knowledge of each camper and his strengths and weaknesses, especially as relates to the predictions he puts forth before each Color War event. Ryan was aided this year by Hannah Cowan, who was always a bright and capable spot in her first year as Administrative Coordinator. Steve Dancey has a great responsibility as Business Operations Director and is always there when needed. His low-key manner and common-sense approach are always most welcome. Josh Daigle remains a solid, caring and concerned leader whose sense of humor always brightens a situation.

The medical staff rose to the occasion of some continuing restrictions and problems due to COVID 19. Dr. Evan Hack was always available for consultation and advice and came in person for testing on opening days. We owe him a big debt of gratitude. Brock Major's calm personality was always reassuring and Tabatha Mason's was always reliable. Our appreciation is also extended to Katelyn Jones, Becki Leighton and our veteran, Sean Petone, for their valuable help during the summer. A warm welcome to Bobbie-Jo Rand, a valued addition in the new position of Social Worker.

Special thanks to Camp Property Managers, John Fredette and Steve Chamberlain, whose outstanding efforts extend well before camp starts and after it ends.

My thanks to Allan Jacobs for his assistance in many ways, and my utmost respect for his tremendous efforts to ensure a safe and active waterfront. His enthusiasm and commitment are amazing. Steve Dushan continues to be a valuable asset to our program, and I am personally grateful to him for leading the expedition to meet the elusive Guardian. Rachel Wilensky's videos were eagerly anticipated and gave an excellent overview of each week's proceedings. Aidid Brayboy returned for his second summer keeping the camp safe and secure at night. Ellen Collard ran a great program in the Margolin Center. I commend her for her upbeat attitude and patience. I would like to single out Derek Jones of the cooking staff for his perseverance and cooperative attitude. Thanks to Steve Lepler for always being available to answer questions and for his unswerving commitment to the wellbeing of the camp. My gratitude to Jeff Kublin and to the entire Camp Board for their support and unselfish efforts. Thanks to my wife, Bryna, for all her help during the year; I couldn't do it without her.

The staff was one of the greatest staffs I can remember. Their leadership qualities were outstanding and their commitment to the organization was genuine. I hope many of them will return next summer.

West End House Camp is the greatest place to spend the summer. We are constantly striving to ensure that camp is the best it can be, and we urge you to enroll in this beautiful place, away from the hot city streets.

2023 will mark my $50^{\text {th }}$ year as Executive Director of WEHC and my $65^{\text {th }}$ year of affiliation with this great organization. I am honored to continue serving the camp. It has been a labor of love which I have thoroughly enjoyed each year.

Stay well. I hope to see many of you next summer.

## MESSAGE FROM THE CAMP DIRECTOR - RYAN WILENSKY

We are extremely proud to have had another successful camp season in 2022. The road back to "normal camp" was almost complete and will be complete for the 2023 summer. 2022 was a great summer because we had terrific adults in all the key positions and one the best staffs in modern times. First off, I must thank Steve Dancey, who continues to support me and camp behind the scenes and gives me great advice when I need it. Special thanks go out to Bill Margolin, Josh Daigle, Aidid Brayboy, Allan Jacobs and Steve Dushan for your reliability, loyalty, and exhausting day to day work. Thank you to our medical staff, who had a lot on their plates, still dealing with Covid protocols. Brock Major II, Tabatha Mason, Katelyn Jones, Becky Leighton and Sean Petone kept us healthy and safe. Thank you for the unsung heroes, Property Managers, John Fredette and Steve Chamberlain, who keep our camp looking beautiful and are there in a flash when something needs to be fixed. Thank you to Bryna Leeder, who does every task that nobody wants to do including interpreting mailing addresses, and camp laundry. Thank you for Rachel Wilensky, who is responsible for our amazing videos, improvements to our website and all the technical work she does behind the scenes. Finally, I wanted to thank Ellen Collard, who has run the Margolin Center admirably, starting her curriculum from scratch. Ellen is retiring from working at camp and has already retired from teaching. We wish you well in your well-deserved retirement.

It would take 100+ pages to properly thank our amazing staff. This was one of the best and most qualified groups ever. Joe and Aidan Connelly have been rocks for West End for over a decade. I pray they have another summer in them, but if not, I will never be able to properly thank them for helping me navigate my first few years as Director, which coincided with a global pandemic. Griffin Yas is one of the most talented and thoughtful counselors we have ever had. Hopefully, he will be back for 2023. Thank you to Juan Ruiz for taking care of the pictures and being a long time stalwart on the staff. Thank you to Jack Zinman, for taking Watermelon to another level this summer (does anyone remember who won? \#RyGuys). Thank you to the League Commissioners, Josh Wolf and Corey Perkins, who did a terrific job and will hopefully step up into even bigger roles in 2023. Thank you to Will Burger and Ryan Karp for coming back and being huge at the Waterfront. Thank you to Alex Babb for his delightful personality. Thank you to Juan Barrios for becoming our certified Archery Instructor. Thank you to Kieran Flood, for his brilliant ideas and attention to detail. Thank you to Mardochee Mexil for coming back and leading an outstanding 1A group. Finally, we were lucky to add Sean Karass to the staff. Sean has been such a loyal and thoughtful guy on the staff for years. I wish him the best as he moves into his career in the sports industry. We were also lucky to have outstanding new Senior Counselors that included Cam Salvatore, Greg Poublanc, Mikey Simmons, Eric Murphy and Nick Jackson.

As a Special Educator, and with the consultation of Assistant Director Josh Daigle (also a teacher), early last fall we prioritized having a social worker at camp. Supporting our campers' and staff's health includes their mental health needs. Kids live in a far more challenging world of uncertainty and social pressures via social media. Having a screenless camp helps tremendously, but we needed more. So we hired an experienced, licensed, school Social Worker, Bobbie-Jo Rand as our Camper Liaison. She is dedicated
to the social-emotional wellness of everyone in our camp community. She already has a great rapport with campers, staff, and parents! We are going to expand her role further this summer, as she was a terrific resource for everyone. We also hired the talented and personable Hannah Cowan as our Administrative Coordinator. In 2022, I wanted to spend as much time as possible working directly with campers and counselors. Hannah took care of all the behind-the-scenes tasks, which gave me the opportunity to do what I am most passionate about, helping counselors work with the campers. In just a few months she has already become a tremendous asset to the camp.

Back in 2019, I had decided that we would become a member of the American Camp Association (ACA). In the fall of 2021, it became official, and we continue to plan and implement improvements to our facilities and programming. Some of these improvements will include emphasis on Waterskiing, Arts \& Crafts, and a new top-notch Archery Range. We hired a 3rd member of our Property Management Team to ensure the continued beauty and functionality of our facility. It just so happens he is the husband of Bobbie-Jo. Welcome Chris Rand!

We are going to be putting substantial resources into improving our Food Program. We have already invested in creating a brand new, state of the art kitchen, with brand new appliances. Also, we are hiring a Food Service Director/Company who will oversee our entire program.

While we cannot predict the future, we are excited to return to a normal summer for 2023! That means normal sessions, bus drop-off/pick-up procedures, in person Visiting Day, more trips and even more Intercamp sports! We will also be adding a White Mountain trip during the weeks 5 and 6.
"When you're one of the boys, you're always one of the boys" is not merely something we say, it's 115 years of commitment to kids. It's a commitment that Bill Margolin made to me as a 9-year-old, and I have the fortune to pass on to our current generation of West Enders."The Spirit of the House will never die."

## MESSAGE FROM THE ASSISTANT CAMP DIRECTOR - JOSH DAIGLE

Greetings to my West End House Camp family! Summer 2022 was my 15th season spent on Long Pond, and without a doubt my favorite year in recent memory. As is customary this time of year, I wanted to take a moment to share my appreciation for everyone it took for camp to run as smoothly as it did this past summer. That appreciation will always start with our fantastic campers and families. You are why we can do what we love every summer. You put your full trust in us, and I do not take that for granted. So, thank you. Thank You!

It would not be possible to run a successful summer camp without passionate, motivated, and enthusiastic counselors. And that is exactly how I would describe our 2022 camp staff. The trust all our families put in us was the same trust I put in knowing that the counselors and staff joining us at camp would do their best to make the summer of 2022 forever memorable. They achieved that, and in many ways much more. From our counselors in training (CITs) to our senior counselors (SCs), I couldn't be more proud of the professionalism and work ethic everyone put in. THANK YOU to all our senior counselors, junior counselors, and CITs for your hard work and dedication this past summer!

Ryan. Ryguy. You are an absolute workhorse man. I find myself thinking "how does he have the time to do all of these things?!" We continue to be in great hands with Ryan Wilensky at the helm. When camp ends, his work truly starts, and his work ethic really cannot be matched. Thank you for being a great role model for our campers and staff, the late nights and early mornings you put in during the camp season and at home, and for being a great leader. I continue to learn a lot from you and look forward to many summer days working alongside a great friend!

While Steve Dancey does most of his work for camp behind the scenes, we are very fortunate to have him at camp a few times throughout the summer. Thank you for being available to take a call at a moment's notice and keeping things running smoothly and efficiently. From helping us prepare for and execute seamless camper drop offs and pickups, to being a very creative problem solver, and leading initiatives like our SHARP program, Steve's work throughout the year helps Ryan and I stay organized and focused. Thank you, Dancey!

It is difficult to put into words just how appreciative I am to Bill and Bryna for all of the guidance and support, love for my family, and continued dedication to this organization. Bill has not only had the role of my boss or superior, but a friend, confidant, and mentor. Bryna continues to dedicate hours of time to sorting and mailing camper letters, as well as facilitating our camper laundry drop off and pick ups. They were both a lot of help to me this summer, as they are so easy to talk to and problem solve with.

We were very lucky to have Aidid Brayboy with us for a second summer as the evening director. His calm demeanor and upbeat personality are a winning combination, and he has been so quick to build a good rapport with campers and staff. It is very impressive to see him handle challenging behaviors with ease. On a personal note, I am very grateful
for my friendship with him. Your positivity and sense of humor keep me going in stressful times, and I look forward to having you as a key member of our leadership team for many summers to come.

With the health and safety of our campers and staff as the number one priority of the summer, our healthcare team lead by Brock Major II had a very big task, that they took on, and accomplished, with ease! Thank you to Brock, Tabatha, Katelyn, Bobbie-Jo, and the rest of the healthcare team for a job well done!

Just before the start of summer ' 22 , we were fortunate enough to hire Hannah Cowan as our administrative coordinator, and she has quickly become the backbone to our leadership team. While at camp, Hannah demonstrates just how well she can multitask, taking and making phone calls, assisting campers, scheduling events and appointments, checking things off our ever-growing to-do list, and always with positivity, enthusiasm, and a smile. I honestly don't think we could have done it without her this summer. Hannah has very quickly proven to be a great addition to our team at WEHC, and we are excited for her return!

There are two other awesome women that must be mentioned here. My amazing wife Bri has been on board with the summer camp lifestyle since day one back in 2015. I am only able to do my work for West End House Camp because of her. Thank you for making it possible for me to do what I love!

Rachel has so many talents, one of them being great at not looking for recognition. Rachel does way more to help behind the scenes than most would know. She is always just a phone call or a message away from creating a social media post, making a purchase, or making something out of nothing. Whatever it is, Rachel always accepts any challenge we throw at her.

There are many others involved in the daily operation of camp that we just couldn't do without. Allan Jacobs our waterfront director, Steve Dushan our special assistant, John Fredette and Steve Chamberlain our maintenance staff, and Ellen Collard, thank you so much! You are all appreciated way more than you know!

I feel so fortunate to be surrounded by such an amazing team of people during the summer. I hope everyone enjoys the holiday season, and I can't wait to see you all back at WEHC in June!

## MESSAGE FROM THE WATERFRONT DIRECTOR

## By: Allan Jacobs

2022 was a terrific year at the waterfront. More campers learned to swim (or improved substantially) this summer than in any recent year. It was due to a number of factors, principally that we had more classes this year for all levels. We were able to do this because we had more lifeguards and WSIs than ever before and we had the best summer I can remember for weather. (We did have a few stormy days, but for the most part the rain and storms came late in the day or overnight.)

We teach the American Red Cross "Learn-to-Swim" program. Many campers would have completed their next level if we had another week or two. This year the following number of campers successfully completed the levels listed:
Level 1-11
Level 2-27
Level 3-31
Level 4-21
Level 5-2
Level 6-3
Every year we have campers who challenge themselves to swim across Long Pond (the long way) as I followed them in our motorboat. This year John Doyle and Liam Hartman did it in a record time of 37:45. They also woke up daily at first bell and swam (the short way) across the pond and back before second bell. Usually, in approximately 8:00 each way. Logan Krolnik (who they train with year-round) took the time at camp to take a break from his swimming training but showed his stuff at the swim meets.

While John, Liam and Logan are very impressive, there are many swimmers close behind and gaining skills quickly. So many campers were constantly pushing themselves during classes and at every free swim opportunity. Whether it was a dive, a stroke or some other skill in the water, so many kids just wouldn't quit. Most notable was Alex Hahn who was asking for swim lessons until the very last day.

Next year we will be prioritizing more skiing and tubing. The waterfront saw constant activity on the kayaks, stand-up paddle boards, fishing at the Old Timers Dock, Kennards and the pontoon boat... which was a huge hit this summer. Whether used for just a trip around the pond, cruising with fellow campers, swimming in the middle of the lake or fishing, the pontoon boat was a tremendous addition to the waterfront.

## MESSAGE FROM THE MARGOLIN CENTER DIRECTOR

## By: Ellen Collard

As many of you know, the Margolin Center was dedicated in August of 2019; it is a place for activities where young men learn to benefit from activities other than outdoor sports. The Center has offered activities with making electrical circuits, board games, jigsaw puzzles, stomp rockets, a library and MANY different types of building activities the greatest of them all being LEGOS and K-Nex.

As Director of the Margolin Center I tried to introduce something new each year. In 2021, I returned to Gimp (now known as plastic lacing) at the request of several senior campers. The response was overwhelming and what started as an idea for a day activity grew into a constant line of young men asking for supplies and assistance. I have to acknowledge that for some of the younger men gimp was a difficult skill to learn because of its fine motor skill, but many mastered at least one stitch and some became quite talented at creating bracelets, key chains, and doing different stitches.

I'm telling you this because it leads directly to my choice of an overarching activity that went over even better this year, PARACORD! Paracord is the lightweight nylon used in creating parachutes; we used it to make bracelets mostly and again almost everyone was making them. They were given to friends at home and camp, counselors, family members, and worn by the boys themselves. The advantage was that paracord is easier for smaller hands to hold onto and can be used to create fine motor skills that gimp cannot. During the summer we went through several thousand feet of paracord in all shades of the rainbow.

Our building supplies for Legos and K-Nex expanded and we added Construx. These supplies are constantly in use and the campers spend many hours creating imaginative structures and scenes with them.

Board games, cards, and, of course, chess are perennial favorites at WEHC. My suggestion for anyone reading this is that if your camper has a game that is a favorite with their friends, please let us know! We often sign games out to a bunk or a person to be returned the next morning.

As I retire, I would like to thank the campers, parents, and administrators for their unwavering support during my time at WEHC. It may seem trite at times, but it DOES "take a village" to raise young people and give them a wider worldview. Thank you for letting me be part of WEHC.

Sincerely,
Ellen J. Collard
Margolin Center Director
2019-2022

## MESSAGE FROM THE CAMP NURSE

## By: TABATHA MASON

I was introduced to WEHC in the summer of 2021. My son had an opportunity to attend as a camper and me as Health Center Staff. I had some apprehension about letting my 12 year old son attend camp, but I thought that a Camp experience would be a wonderful learning experience for him, AND IT WAS. His experience at WEHC has improved his social skills, team building, social cue reading, and emotional regulation. He has also made new friends who accept him as he is. He got to participate in activities he otherwise wouldn't have the opportunity to try. The staff worked great with him, and he couldn't wait to go back the following year. As part of the Health Center staff I was able to attend to the campers' medical needs as well as some emotional support. I was a mom who was available to them! Fast forward to 2022, I was asked back to be one of the Primary Staff members at the health center, I was beyond thrilled. That also meant my son had another opportunity to attend WEHC and to continue to learn and grow the newfound skills he had learned the year before. WEHC campers and staff have become our family! I can't wait to go back year after year to see how much the campers have grown and to see all the new faces.

## MESSAGE FROM THE SPECIAL ASSISTANT

## By: STEVEN DUSHAN

Thanks to the suggestions of the locals on staff, we were able to set up a couple of hikes within a short drive. A shoutout to Griffin Yas for leading most of these tours. Fitting into either the morning or afternoon period, these trails provided some great views of rivers, lakes, small waterfalls, and secluded forests. The Bald Ledge Trail in Porter rose to a height of almost 1200' and provided a sweeping view of Colcorde Pond to the south. The Jagolinzer Preserve in Limington featured flats jutting into the Saco River where rock skimming skills could be practiced. Depending on the timing, a stop at Bloomers for ice cream on the way back was not out of the question.

Trips into Kezar Falls and Cornish (it is still hard to use the name Porter, as it apparently didn't exist as a municipal entity when I was a camper) to help the local economy were frequent occurrences. Counselors quickly learned how to navigate the new laundry machines, the Dunkin's app was one of the most used, the Family Dollar knew me by my first name, and Sofia's provided pre and post camp-meal nutrition for a growing staff. At times, staff at the Kezar missed a meal due to work - a bowl or a pint from the local shop (mint chip was a favorite) was much appreciated. Next season will hopefully have some more local hikes (and possibly overnights as well). There is also a debate raging on how to split our time between Bloomers and the re-opening Rt 160 ice cream. Any suggestions from campers or staff?

## WEST END HOUSE CAMP CORPORATION

Members of the West End House Camp Corporation are people who have all had a long affiliation with the West End House organization and who volunteer extraordinary time and efforts throughout the year for the benefit of the West End House Camp. The Officers and Directors, as of January 1, 2023, are:

President: Stuart Snyder
Vice President: Josh Swiecicki
Treasurer: Geoff Dancey
Clerk: Martha Day
Past Presidents: Dr. Jeff Kublin, Michael Berger, Marty Jacobs, Henry Barr

## MICHAEL W. CATALDO, SR. AWARD

Mike Cataldo was affiliated with the West End House since childhood. He served as President of the WEH Alumni Association, the WEH Boys \& Girls Club, and the WEH Camp, and was Co-Chairman of the Camp Committee for many, many years. He was a most dedicated and tireless worker for the organization, and we all felt a profound loss when he passed away in 1999. In memory of this outstanding individual, an award is presented annually to a person whose efforts, commitment, and service to the West End House Camp are in keeping with the tradition and character so exemplified by Michael W. Cataldo, Sr. Recipients have been:

| 2000 | Billy Swiecicki | 2012 | Michael Berger |
| :--- | :--- | :--- | :--- |
| 2001 | Henry L. Barr | 2013 | Aaron Leppo |
| 2002 | Bert Wynn | 2014 | Ramie Lepler |
| 2003 | Marty Jacobs | 2015 | Kenny Klapman |
| 2004 | Elmer "Bud" Runyon | 2016 | Carolyn and Michael Eggert |
| 2005 | Hy Escott | 2017 | Johnny Parker |
| 2006 | Steve Curley | 2018 | Robert Ryter |
| 2007 | Bryna Leeder | 2019 | Robert Goober |
| 2008 | Jim Stoller | 2020 | Dr. Jeffrey Kublin |
| 2009 | Laurie Kaplan | 2021 | John Zinman |
| 2010 | Sid Boorstein | 2022 | Dr. Evan Hack |
| 2011 | Brett Barenholtz | 2023 | Geoffrey Dancey |

Geoffrey Dancey first came to camp in 1989 with his older brother, Steve, and was followed in turn, by his younger brother, Greg. As a camper he was a joy to have, clean cut, fair minded, a real decent guy. He was a High Senior Captain in 1994. After that season he wrote Bill to apply to be a CIT, saying that he couldn't wait for the next summer and he hoped to write "many more of these letters." Geoff remained on the staff until 1998. In 2010 he became a member of the Board of Directors and shortly thereafter he was elected treasurer of the organization.

Geoff has spent a lot of his adult life in Worcester, MA. He received his bachelor's and MBA Degrees from Clark University and for the past 20 years has worked for Cutler Capital Management as a Portfolio Manager and Analyst and now the Managing Partner of that firm. He and his family live in Framingham, MA.

Geoff supports WEHC in many ways. His hardworking volunteer efforts regarding our portfolio are most vital to our organization. He is also an active member of the Board of Directors of the West End House Girls Camp. Other volunteer activities include the Worcester Art Museum, the Dean's Council of Clark University and the Greater Worcester Community Foundation.

Geoff's grandfather, Ken Kandler, always impressed upon his family that it was "time to give back." Geoff has done this in many ways and we are pleased to present the 2022 Cataldo Award to him.

## FAMILY OF THE YEAR

Each year on Visiting Day, we give out a Family of the Year award. The award goes to a family that has either been with us for a while or has helped promote the camp, recruiting new campers. This year's winner was the Icoyitungiye family. In 2021, brothers Enoch and Elijah Icoyitungiye came to camp and didn't want to leave. They had such a great time in 2021, they told their friends in South Portland, ME. Parents Ginette and Alain are practically running recruiting events in the area. In 2022, the Icoyitungiye family brought new campers Efrayim and Elgy Benerugaba, Alpha and Gad Kabagambe, Kaleb Ntwari, Ian Rutayisire, and Chris Kenguruka. Congratulations Icoyitungiye family!

## WEHC ELITE EIGHT

This is one of the most Elite 8ers in memory with 42 campers! That is about a $1 / 3$ of all campers in camp at any given time. I think this says a lot about our campers and how much of an incredible time they have had.

We are pleased to recognize the following campers who made the wise decision to spend the full 8 weeks at WEHC this past summer. By virtue of their commitment, skills, and continuity, they were the primary leaders in their age groups and in the camp in general. They received special privileges, recognition, and responsibilities throughout the season. We hope you become a member of the Elite 8 during the summer of 2023.

## WATERMELON LEAGUE

## By Jack Zinman and Jonah Bloch

After the longest tenure in position history, Steve Lepler left his most important position at camp vacant, Watermelon Commissioner. When Ryan asked me earlier this year if I would be interested in taking on that responsibility, I immediately said yes with no hesitation. I could not do this alone as my assistant commissioner, Jonah Bloch was by my side, helping me run this season as smoothly as possible. Jonah was promoted to commissioner for the playoffs when I left for school and did an amazing job wrapping up a great season!

Watermelon has been a staple of West End as the activity was introduced by Bobby Gordon in 1959 and has been a favorite amongst campers and staff. For those unfamiliar, Watermelon League is a night activity that is run once a week on Sunday nights. This brand of softball is different and not your typical game. All campers and staff play. There are no outs, everybody bats and the inning switches when everybody has gone. There are two innings and no ties.

This style of softball has produced so many great moments over the years and continues to do so! After color war, when everybody is run down and tired from the amazing job everybody has done, the camp rallies together to have the playoffs, where the winning team gets to enjoy a juicy, savory watermelon to celebrate a great season and more importantly, becoming champions together.

Playoff Recap: This year the top 4 seeds got to choose who they wanted to play in the first round of the playoffs. The first of many shockers of the day came when the Zinman- Salvatores were able to upset the number 2 seed Yas- Karps with the help of Miles Murray at shortstop and Ross Israel at First. Not surprising the Number one offense the Connelly's Made a deep Run into the playoffs and along their way to the finals they knocked off the Daigle Babbs and the Karass -Perkins- Ruiz in a nail biter. The most surprising team of the playoffs was the Wilensky- Barrios winning the first two games and advancing to the finals against the Connellys. Needing a Home Run to tie the game, on the last batter, Ryan deployed an Everyone at the edge of the Woods defense making it nearly impossible for Joe to have a Big Papi moment. He came close with a bomb deep in the outfield, but the Wilensky-Barrios' got the ball in for the Championship. Great performances on the Wilensky-Barrios' were had by Hunter Beaulac, Aiden Deliberato and Johnny Camargo and a terrific group of counselors and younger campers. Ryan outplayed and outcoached the Connelly boys, so this result was not surprising to most (last sentence written by Ryan).

The Watermelon standings after the 6-game regular season were as follows:
Wilensky-Barrios ..... 5-2
Yas-Karps ..... 5-2
Connelly ..... 6-1
I-Simmons ..... 4-3
Zinman-Salvatore ..... 3-4
Daigle-Babb ..... 3-4
Karass-Ruiz-Perkins ..... 2-5
Flood-Bergers ..... 2-5

## INTERCAMP SPORTS

by Ryan Wilensky
For the first time since 2019, Intercamp Sports were back in action. We did a modified schedule with all outdoor sports vs. camps that we have great relationships with. After a lot of logistical planning we brought the House Game outdoors. We brought out a young team and Robin Hood just had some monster size and great shooting. I would say we win $2 / 3$ House Games, so hopefully with our young nucleus of Zack Wynn and the Bowens, we will be back in 2023 with a great squad.

Then we invited Winaukee to come by for a 13-under play day. We defeated them handily. As stated above, our 13 year old group is stellar. Even Winaukee, which is typically terrific at all levels, were shocked by our size, athleticism and depth. Watch out intercamp world for 2024, when we are going to be unreal.

Then we hosted 11-under day with Winaukee and it was much closer as we split the 2 games. Finally, we took a trip on that same day to Winaukee. We lost soccer but tied a Baseball game that Coach Zinman says we would have won handily if the game had extra innings. Although a 3-3-1 record is fine, what was encouraging was the fact that intercamp sports were back as the camp and the world get closer to normalcy. We expect a normal array of intercamp games in 2023.

## JUNIOR AND SENIOR LEAGUE REPORT

By Josh Wolf

This season of leagues was bound to be a great one, as we returned to our traditional format for the first time in 3 years. Campers were so excited to be back to normal and you could see it in every game. For the 1st session of Juniors, the theme was Cobra Kai Dojos, after the popular TV show. The teams consisted of the Krunch Karate's coached by Simon Andrade, Miyagi-Do's by Zyaire Abney, Eagle Fang's by Dewayne Henry, and the Cobra Kai's by DeJahn Pina. After a near perfect season, the Miyagi Do's took home the 1st session championship. Brennan Summers was far and away the best player in the division but had help from Chris LeCoin and Adrian Renderos. Elijah Icoyitungiye, Kieran Summers, Matthew Vargas, Davis Jones, and Devon Pina were all great for their respective teams. The Senior League theme this session was different Cryptocurrencies. The Solana's were captained by Zach Andelman and Amari Brissett, the Ethereum's were captained by Nathan Riesenburger, the Doge's were captained by Hunter Beaulac, and the Tether's were captained by Ross Israel. Of course, each team is led by their captains, but others like Brady Bloch, Spencer Hertz, Jacob Dancey, and Ben Most did their part to provide leadership and great performances. The Doge's ended up being too much, led by the trio of Hunter, Brady, and Justine Charles.

The 2nd session of the summer saw leagues shift to just Juniors and Seniors, meaning 3A and 3B were with the Juniors and 4A and 4B were moved up to the Senior division. Also, the Senior division saw something we haven't seen before, 5 teams. Because of the odd number of teams, there was one team every day that didn't have a matchup. So, the team that didn't play a sport would instead either go on a hike or go play disc golf on a very nice course in town. The Senior theme was the most famous golf courses around the world. The teams consisted of the Augusta Nationals, Pebble Beaches, St Andrews, Pinehursts, and TPC Sawgrasses. We kept all the captains from the 1st session while also adding Matty Vogel to the group. Matty came in and led his team to victory, with help from Ori Kohl and Jack Goldberg. William Lake, Zack Wynn, Aiden Deliberato, and Diego Rodriguez were all very impactful as well.

The final session of leagues was the best one yet. The Junior theme was one of my favorites of the summer, Championship trophies. The 4 trophies/teams were the Larry O'Briens (NBA), Commissioners (MLB), Stanley Cups (NHL), and Lombardi's (NFL). Coach Zyaire Abney and the Commissioners ended up on top, with the help of Davis Jones, Joey Moya, and Manzi Yvan. Bode Ferrin and Evan Kaufman were incredible as well all session, and I can't forget about Nadim Abbari, Tyler Grossman, Eli Bernstein, Leo Bovasso, and Brogan Murphy. The Senior team names were under the category of Brands that are confused for items. This theme consisted of the teams: The Lysols, Kleenexs', Frisbees, and Band Aids. Armaan Ishaq, Reese Connors, and Spencer Parco were all added as captains, giving each team 2. The Kleenexs' led by Reese and Spencer won the whole thing, as they proved to be a very consistent team. Miles Murray, Darius Gillis Rainey and Cole Fontecchio all did their part en route to a championship. Alex and Tyler Hahn were both as impressive as always. Other impact players included Quinn Connors, Rasheed Delva, and Danny Bond.

As a 1st time League Commissioner, I really want to thank everyone that helped me run a very smooth summer of leagues. The refs were great all summer and a huge shoutout to all 5 Junior League coaches. That job is one of the toughest in all of camp, and the coaches this year handled themselves incredibly. Another big thank you to Ryan Wilensky for giving me this opportunity and overseeing everything for it to run smoothly. Corey Perkins, my very close friend, was a great Intermediate League Commissioner and was a pleasure to work with all summer. Last, but certainly not least, I would like to thank the campers for giving their all every day and making my job easier and way more fun.

## INTERMEDIATE LEAGUE REPORT

By Corey Perkins

The 2022 Intermediate League went as smoothly as ever. The League saw many competitive games as well as great displays of athleticism and sportsmanship across the board, as well as many underdogs coming up and showing their stuff for their team. I would like to thank the Intermediate League Coaches who sacrificed their waterfront to coach the kids. Ross Israel, Matty Vogel, Zach Andelman, Hunter Beaulac, and Spencer Parco were all great coaches and worked so well with kids. These 15-year-old campers displayed great leadership and patience while coaching and did a wonderful job with their teams. These guys are the future of West End and cannot wait to see what these great groups of kids do.

The first session featured teams named after different types of March Madness Cinderella Teams. We had the George Mason's, Loyola Chicago's, Oral Roberts, and the St. Peter's. The Loyola Chicago's led by Zack Wynn proved to be the most dominant team, winning every game in a landslide, and eventually being crowned the league champion. Tate Deats, Derek Walsh, Jhani Thomas, and Derek Jones also deserve special recognition for their displays of athletic prowess throughout the first session.

I took over Junior Leagues for session 2. The league themes were former 600 club's teams. Featuring The Mighty Blue Guilds, Rumble, Bad Boys, and Platoons. The top two teams in this session were the Guilds led by Jhani Thomas and Davis Jones and the Platoons led by Sam Dancey and Elijah Icoyitungiye. These two teams met on the newcomb court for the championship game where the Platoons prevailed in 3 games. Other great players from this session included Adrian Renderos, Kieran Summers, Joey Moya, and Blake Fisher.

The final league session theme (for Intermediates) was expensive fancy designer brand watches, which the kids were very excited about. The teams included the Richard Millies, the Tom Fords, the Omegas, and the Patek's. With many new faces and talent, I knew right from the start this was going to be not only a good competitive league session, it was going be great and memorable. Behind the consistent and repeated dominance of Zack Wynn and the Robin to his Batman in Chris Tomaz-Hull, the Richard Millies easily cruised to an undefeated season as well as winning the big prize in a close but dominated basketball game against Derek Jones, Messiah Bowen and the Omegas. It should also be noted that the Bowen Twins after taking a trip to Cancun for a couple years, were back on West End soil and are bigger and better than ever. They are going to be electric and very fun to watch the next couple of years. Derek Jones, Josiah Bowen, and Zack Wynn were tremendous athletes and leaders leading their teams day in and day out. Shoutout to them.

I would like to give a shoutout to my Assistant League Commissioner, Bailey Belony, as he would step in anytime I was out and he stepped up to the plate anytime I needed him. He will definitely be looking at a big role next camp season. I would also like to thank the Junior-Senior League Commissioner, Josh Wolf, as I really enjoyed working with him. He really helped and guided me the first week on how to set-up games, scheduling among the refs, and getting the kids excited to go out and play. I would like to thank all referees, coaches, and players who made leagues so great this year.

Lastly, I would like to thank Ryan Wilensky for making sure the games were going smoothly. It has been an absolute pleasure to be a commissioner for this group of kids, and without Ryan and Josh Wolf, this job would have been much more difficult. I wish the best luck of all to these campers next season. I enjoyed working with all of them and hope they come back and make 2023 just as special!

## WEHC FIVE AND TEN YEAR CLUBS

As we began our second century in the summer of 2009, we were proud to unveil two new plaques that are prominently displayed in the dining hall. The goal is to recognize and honor campers and staff who have been at WEHC for five years and for ten years. We hold an induction ceremony on Visiting Day. Without Visiting Day in 2021 and 2022, we did the ceremony on video and posted it online. These committed individuals have been, and will continue to be, a huge part of our success. They will proudly show their families now and in the future that they are members of a special and exclusive club. The 2022 inductees are in bold. Congratulations and thanks to all the West Enders who are listed below.

## Night Activities 2022

This year we had a terrific run of evening activities due to our veteran counselors who love to plan and execute creative and fun events for the campers.
Thanks to all of the staff for running great night activities this summer such as Trifecta, Gladiators, and Prize or Consequence. ESPN Night is so popular at this point it's almost our $4^{\text {th }}$ major activity. I would like to thank Joe Connelly for organizing the Night Activities and for making sure they all ran smoothly. Also, I'd like to thank his team that won the "Make a Night Activity Challenge" with adding "Squid Games" to our repertoire. Also on the team were Corey Perkins, Nick Jackson, Eric Murphy, Kyrell Fontaine and Omar Benmrad. Also, this summer we brought back 2 classics. Counselor Hunt had been put on the shelf because we do not want kids in the woods. Therefore, we did a non-woods version, which was a ton of fun. Finally, I mentioned in passing to a few counselors that we had this activity in my era called Cantaloupe, which is basically Watermelon, but with other sports. So, after Color War, the Watermelon teams played either Soccer, Kickball, Flag Football or Volleyball. For Soccer, for example, a junior goal was worth 3, an Intermediate goal worth 2 and staff were not allowed to be inside either 18 yard marker. Cantaloupe got rave reviews and will likely be a staple going forward.

## ESPN Night Write-Up 2022

By: Griffin Yas
Coming into the 2022 season, ESPN Night had major expectations. When preparing for the activity, fellow runner/creator of ESPN Night, Josh Wolf and I found ourselves asking, "How could it get any better?" See, last year, the activity came down to the final shot in front of the entire camp in which James Spoto nailed a shot to win for the Ballerz. Despite the heroics of 2021, this year's ESPN Night may have been the closest one yet.
As a reminder, ESPN Night is a night activity created by a team led by Josh Wolf and me (Griffin Yas). The activity is designed to be a mini Color War. We wanted to have as intense games as possible, so each division competes in front of the whole camp for points. At dinner, the night of the activity is announced, and the teams are released. Kids go to the mess hall porch to discover if they are a part of the Ballerz and Ringers (named after the streetball teams of the popular video game NBA 2 K ). After they get into proper attire, they go to their meeting spot of either the council ring or the tennis court. Then, 3 mystery coaches enter to meet their teams and bring them to the volleyball court where the competition begins. The activities go as follows: $1 \mathrm{~A} / 1 \mathrm{~B}$ do a relay, $2 \mathrm{~A} / 2 \mathrm{~B}$ play newcomb, $3 \mathrm{~A} / 3 \mathrm{~B}$ play watermelon style wiffle ball, 4A/4B play mini hoop basketball, 5A/5B play dodgeball in the rec hall, and Gottlieb plays basketball. The entire night is recorded and commentated over by our fantastic staff to really make it seem like the kids are on TV.
This year the coaches consisted of Mikey Simmons, Mardochee Mexil, and Corey Perkins (The Ringers) versus Cam Salvatore, Michael Camargo, and Prince Depina (The Ballerz). The Ringers entered from the tennis courts, while the Ballerz entered in the council ring.
All night the action went back and forth. The night started with the Junior Relays. This was won by the Ringers. Key guys here were Davis Jones and Tyler Grossman. The completion of this event every year is one of my favorites to watch. The crowd always erupts for their youngest kids and it really sets the tone for the activity. In the next game, the Ringers won again, making the score 100-0. Elijah Icoyitungiye was key here. They won in dominant fashion. This is where Wolf and I began to sweat. As runners of the activity, we want there to be competition throughout the whole night. So, if a team gets out to an early lead, there runs the danger of a blowout- rendering all the games for the rest of the night less meaningful. We definitely had this in the back of our minds. In the next game, the Ringers hit first in watermelon wiffleball. They scored 4 runs. When the Ballerz came up to bat, the comeback began. A couple guys got on base and were hit in by Nate Mendelsohn, who hit the ball and decided to not stop running. He made to all the way home for a home run and tied the score at 4-4. Jacob Kirwan was the last batter for the Ballerz and he hit it to deep right field. It was a close play at the plate, but Kirwan was granted home due to the obstruction by the Ringers. This made the score of the night 100-50 White. The mini-hoop basketball game was next and was very anticipated. The Bowen twins for the Ballerz and the pair of Zach Wynn and AJ Valentine for the Ringers. Josiah set the tone early with a monster slam. Despite AJ and Zack making 3 pointers, the Ballerz held on to the lead and won the event. 100-100 Ballerz.
All of camp moved into the Rec Hall to watch the two final games. In the dodgeball game, absolute chaos ensued. Some volleyballs were thrown into the mix and some dodgeballs that were easy to sling. This made for great content. People were getting out left and right. Each team won a game and brought it to the tiebreaker. Tyler Hahn was amazing for the Ballerz as they cut down the White team to their last player, Quinn Connors. With a ball soaring at him, he heaved a $3 / 4$ court shot at the basketball hoop. With the ball soaring, he caught the opponent's ball and watched at the dodgeball swished through the net. It was electric. The entire Ringers team was able to come back into the game and the Ballerz just didn't have enough people to compete. This made the score 175-100 Ringers with only the 100 points High Senior basketball game to go. It was going to come down to this game for a $3^{\text {rd }}$ year in a row. In the battle, Matty Vogel faced off against Spencer Parco and Nathan Reisenburger. Parco started off the game with a couple of buckets, but Vogel kept his Ballerz team in it with a couple of banked 3 pointers. He then found his rhythm by playing great defense and stealing the ball multiple times, leading to easy layups. This game was intense with chippy defense being played on both sides. With 10 seconds left, The Ringers had the ball down 1 point. The ball went loose and was picked up by Nathan Reisenburger, who missed on his floater attempt. The Ballerz had done it again for the $3^{\text {rd }}$ year straight. I would like to thank the staff for making this year so special. ESPN Night is a great example of how the success of night activities is really determined by the effort and enthusiasm of the staff. We had amazing staff who brought great energy. Refs, Riley Bloch and Liam Grabie, did a fantastic job the whole night. Thank you to the commentator crew of Joe Connelly, Jack Zinman, and Sean Karass. And, finally, thank you to my fellow runner, Josh Wolf, who worked tirelessly to make this night activity what it has grown to be. The two of us are extremely proud to have our little stamp on West End and look forward to ESPN Nights of the future.

## Triple Crown

In 2022, we had another new member of the Triple Crown. Congrats to veteran Derek Jones Jr. who not only won the Crown, but also was huge in his teams' successes. Winning World Cup is the hardest of the 3 Triple Crown events as there is only a $1 / 12$ chance of winning. Add that to the odds of winning Desert War ( $1 / 2$ ) and Color War ( $1 / 2$ ) and winning the Triple Crown becomes a $1 / 48$ chance for campers who are Elite 8 -ers. There is a reason it has only happened 10 times in 15 years. We will see all of you prospective Triple Crowners next year.

## World Cup 2022 Report

## By: James Kagoda

Before World Cup had even started there was a minor change to one of the teams. Due to Russia having some ongoing political issues they were withdrawn from World Cup. To take Russia's spot in the Cold War battle (changed to battle for North America) against USA was none other than Canada. With a whole lot of new campers no one was sure who would end up as the new champion. But one thing was for sure, South Africa was still the reigning champs so they were never to be counted out of it.

Europe's bracket brought a lot of surprises this year. Spain which is coached by Josh Wolf and usually makes the playoffs struggled to get a win and ended up with a 1-7 and tied one game after they went all the way to the finals with Julian Badger the previous year. Italy had an all-right day finishing with a record of 6-2-1 with new coach Cam Salvatore and just barely didn't make the semifinal bombardment game. Greece now coached by Kieran Flood had an unfortunate start to the day going 0-3. This continued through the afternoon with another three losses, but they were able to pull of two wins at night to finish with a 2-7 record. France came out of nowhere this year and went undefeated in the morning via Nathan Riesenburger and Brennan Summers who were recruited the previous year. Coached by Aidan Connelly they finished with a 6-2-1 record and made semifinal bombardment game but were then unfortunately eliminated by Ireland. England which has been known to have some crazy world cup runs (11-0 in 2019) had an unfortunate turnout for this World Cup. Coached by Griffin Yas they finished with a 4-5 record. Ireland coached by Juan Ruiz with veteran Brady Bloch performed the same throughout the day and finished with a 6-2-1 record, putting them in the semi-final bombardment game.

The World bracket also brought some new surprises this year. Canada the newest team to the World Cup after Russia was removed and now coached by Alex Babb had THE best record in this year's World Cup. Seniors Rafael Lantz, Ori Kohl, and Jacob Dancey helped contribute to this impressive run they finished with an 8-1 record. China which was coached by Will Burger finished the day with a 5-3-1 record. Mexico with new coach Mardochee Mexil had a rough day. They finished 1-7-1. Brazil coached by Jack Zinman only managed to pull out 3 wins and went $3-5-1$. The reigning World Cup champs, now coached by Corey Perkins a former team member, started the morning off 2-1. They went undefeated in the afternoon and took two losses in the night which had them at a 6-3 record going into the Semi-final bombardment game.

Unlike the previous year in 2021 in which the bombardment games were played the next day, this year they were played that same night. Four teams, four flags that could hang in the mess hall. From the Europe bracket, Ireland was set to take on France to advance to the finals. For the World bracket it was South Africa going against Canada. Going into the games they were both toss ups as to who would win. South Africa and Canada went first. The match was going to be interesting because on one side there were the previous year's champions South Africa, but on the other was the 8-1 Canada. The game started and it got intense very fast. Derek Walsh was showing his dominance very quickly and Canada could not respond. South Africa defeated Canada to secure a spot once again in the finals. Next up was Ireland vs France. When the match started it was a little slow to pick up the pace of eliminating players. It came down to Nathan Riesenburger alone against a few of Irelands players. He began to shoot what seemed to be impossible half-court shots, to bring his whole team back in. Aziz Mohamed had other plans though; on almost every shot Nathan took Aziz would throw a ball at the one Nathan threw to stop it from even getting close to the hoop. The clock continued to wind down and as Nathan threw up his last shot in hopes of it going in, Aziz would have hit out of the air and the buzzer would sound, signaling the game over. Ireland vs South Africa in the finals. The whistle blew and the match began. South Africa jumped out to a lead by taking out most of Ireland's Juniors and Intermediates. Ireland fired back by doing the same. Within the final few minutes, it was JUST Aziz left for Ireland with South Africa having numbers going for them. South Africa's LAST junior got out which meant there were no longer any handicaps for the seniors. This was big for Ireland as Aziz was now able to move freely in this situation where numbers were not on Ireland's side. Aziz went on a streak and was able to eliminate 3 out of 4 remaining South Africa's players. With it being a 1 on 1, Aziz capitalized and eliminated South Africa's last player to crown Ireland the 2022 World cup champions. Now that green, orange, and white striped flag will hang in the mess hall until another World Cup champion is crowned. Ireland is only the $2^{\text {nd }}$ World Cup team to win multiple championships (England has won 3 times). The Battle for the British Isles now has 5 titles.

## WORLD CUP 2022 RESULTS night

## Desert War

## By Josh Wolf and Jack Zinman

Desert War 2022 began on Tuesday, July 19th during the night activity 'West End Squid Games' a new activity based off the popular show. Campers were being read the rules in the Council Ring and just as they were leaving to go up to the fields for the activity, Josh Daigle partook in his usual shenanigans over the loudspeaker, blasting Rick Astley's "Never Gonna Give You Up," (1988 Blue Machine song) all while runners Jack Zinman and Josh Wolf ran out of the 1's and 2's respectively, blowing their whistles and screaming "DESERT WAR IS NOW!" Campers gathered on one side of the Council Ring, eagerly waiting to be divided in half. After both teams were read off, the runners revealed the two colors to be Oak Brown (Valley) and Emerald Green (Wild). Coaches revealed their sealed headbands and both teams celebrated their great group of coaches. Valley was led by Corey Perkins, Alex Babb, Jonah Bloch, and Omar Benmrad and assisting them as captains were Matty Vogel, Nathan Riesenburger, Ross Israel, and Armaan Ishaq. The coaches for Wild included Will Burger, Kieran Flood, James Kagoda, and Zyaire Abney, with the captains of Amari Brissett, Spencer Hertz, Brady Bloch, and Hunter Beaulac. Both teams went to their meeting spot to strategize for the long day ahead of them.

As the morning event, Color Rush approached, coaches made their last adjustments and got the campers in their spots. One thing very different about this Color Rush was a "shot clock" forcing coaches to send rushes in a certain amount of time and if they failed to do so, they would lose a coach for that round. Even with this rule in place, there was very little action in the first junior and senior rounds. This caused the runners to slightly tweak the rule to promote sending rushes. The tweaks proved to be successful as the action started flowing shortly after. Valley got on the board in the 3 rd round with 3 balls to Wild's o. Wild would then strike back with the seniors, as Rafi Lantz got the only ball of the round, securing the round win as well. The final junior round proved to be the best one of them all, as we saw 9 balls combined from both teams, with Wild securing the round 6-3. The last round proved to be a stalemate, as both sides had rushes get shut down, making the score after Color Rush 75-65 Wild. Valley had two kids get multiple balls, Sam Dancey and Jhonny Montoya, but Wild had the biggest round of the day with 6 balls in round 5 .

The Afternoon, as it always does, proved to be vital in teams' chances to win Desert War. The WestEndo challenge ended in a tie, but the Iron Man was far from that. Not only did Valley win the entire relay race, earning them 50 points, they had 6 out of the top 10 spots, including 5 out of the top 7 , which earned them an additional 34 points. Rafi Lantz for Wild earned the best time of the day with a 20:23.25, which combined with his performance in Color Rush earned him a captain spot going into the night activity. The 50 points awarded to Valley for winning the overall relay doesn't show how close it really was, as Wild finished only 36 seconds after Valleys last runner. The score going into Capture the Flag saw Valley up 50 points.

As custom in Desert War, neither team felt comfortable going into Capture the Flag. Up 50 points going into the night, Valley decided to sit on their lead and let Wild make the first move, and that they did. Wild responded right away by sending huge rushes, but even with 10 plus kids trying to return the frisbee, Valley held strong. With all the commotion on Valleys side, Jhani Thomas snuck his way into Wild's crate and returned the frisbee with ease to win the first round. Going into the next few rounds, Wild decided that down 60 points, they had to throw everyone on offense in hopes of getting to the higher point rounds, but one round after another Valleys stifling defense was too much to overcome, as they had layers and layers of defenders, swarming all the Wild rushers. Valley ended up winning all 6 rounds, giving them another 120 points, making the final score of Desert War, 304-131 Valley. Like many other years in the past, the final score of Desert War doesn't always show how close it really was. Both teams gave it their all and fought until the end. The Wild seniors deserve a huge shoutout for going out onto the field that last round, knowing they couldn't come back and still going $110 \%$.

Both teams headed down to the Council Ring for the final score to be read and to sing the House Song together as tradition. Immediately after, members of Valley ran down to the rock to paint it in their Oak Brown color for all camp and Long Pond to see until next year. Pictures of this event were captured after some technical difficulties in 2021. No big activity can run smoothly without the help of the directors, Ryan Wilensky, Josh Daigle, Allan Jacobs, Hannah Cowan, and of course Bill Margolin. Another shoutout to Cam Salvatore, Juan Ruiz, and Daigle for taking great pictures and videos all day. One last massive thank you to Brock and everybody else in the health center for helping. Congrats to players and coaches of Valley, but also props to Wild for never giving up. Until next year...

## 2022 COLOR WAR IS NOW...

This was written by Ryan in real time, hence the present tense

## Day 0

I want to start off this year's Color War Blog by giving the background that led to today's Color War start. First off, the oldest bunks have been sitting on our back porch this summer, like last summer, in order to keep the campers, spread out during meals. A few weeks ago, a bizarre incident took place. During lunch, a gentleman was on our Bongo (giant bouncy float). I went down to the dock, very annoyed at this unwelcomed visitor, but the gentleman did a couple of crazy flips to the raucous delight of our campers who watched from the back porch. It was just impossible to not love "Bongo Guy," who was a cool hipster. He mentioned he was a war veteran and had a noticeable injury from his time in service. The campers loved him and talked about it for weeks. The runner of Color War, Kieran Flood, Sean Karass and I agreed early on that we had to find Bongo Guy and bring him back for the Color War start. This became far more difficult than we thought. First off, I called a local veteran figuring he would know him, he didn't. Then I posted on the local Parsonsfield, Limerick and Cornish Facebook pages asking if anyone knew who this gentleman was. Nobody did. I asked our adults that lived locally to ask their friends, nobody knew him. This pursuit became an obsession of mine to the point that Tabatha Mason (part of our medical staff), told a friend who is a writer, and she wrote an article for the local news about the pursuit of Bongo Guy.

## Parsonsfield Camp Looking for Iraq War Veteran Who Did Backflips (949whom.com)

Still, no Bongo Guy to be found. I wish this story had the happy ending, that we found him. We never found Bongo Guy. So, 2 days ago, we called an audible and took a wig and spraypainted it black, matching Bongo Guy's long locks. Cam Salvatore, who is tall just like Bongo Guy, became our fake Bongo Guy. At lunch today, Brock Major II (one of our Nurses) went outside and yelled at our Fake Bongo Guy, who was back doing a flip into the water. The campers loved it and again went on the back porch to watch. Before his second flip, Cam climbed the ladder and help up a towel that had "COLOR WAR IS NOW" spraypainted on it. The campers loved it and eagerly ran up the path to be divided into their Color War teams. There is a $\$ 100,000$ reward for anyone who has evidence leading to us finding the real Bongo Guy. I'm kidding, sort of. A lifetime of extra Cake and Milk though is in play.

It's the Blue Journey (Stranger Things theme) vs. the White Diablo (Devils). The High Senior Captains for the White team are Matty Vogel and Ross Israel. For the Blue team are Nathan Riesenburger and Spencer Parco. Four outstanding veteran campers. Here are the coaching matchups, which includes 8 returning coaches, 2 new coaches that have run Color War before (Liam and Ryan Karp) and 2 other great new coaches Will Burger and James Kagoda.

## Some interesting facts...

- For the CW prediction challenge this year, Brady Bloch (blue) and Zack Wynn (white) tied for the highest score. Each will receive a coach's shirt of their respective teams. Brady Bloch has now won this 3 times! These 2 demolished the competition with scores of 62 . The 3 rd place finisher had 52 I believe.
- Derek Jones is the only camper vying for the for the elusive "Triple Crown," which is winning World Cup, Desert War and Color War in the same year. Derek won the World Cup on Ireland and Desert War on Valley, so far this summer.
- 3 former color war captains are coaching this year, all on White with Griffin, Wolf and CP (Corey Perkins).
- All 3 Gottlieb counselors are coaches for White (Griff, Juan, Wolf).
- Twins Joe and Aidan Connelly are head coaches together. I am not sure, CW historians, when the last time that happened. Has this ever happened before?
- Lots of brothers on the same team this year.
-White has Brogan and Gage Murphy, Jacob and Sam Dancey and Derek and Davis Jones.
-Blue has Elijah and Enoch Icoyitungiye, Baba and Mikael Ly, and Alex and Tyler Hahn.
$\circ$ On opposite teams are Lachlan Welch (Blue) and Griffin Welsh (White), Jacob Kirwan (White) and Josh Kirwan (Blue), Danny Bond (White) and Zavien Moore (Blue), Messiah Bowen (White) and Josiah Bowen (Blue), Fred Ndayishimiye (White) and Chris Kenguruka (Blue), Nasr Abbari (Blue) and Nadim Abbari (White). Jimmy Santos (Blue) and Enzo Gonzalez (White).
- The first pick in the draft was the White taking their Juniors, in a rare move. We agree that the White Juniors have great depth, but the Blue Junior combo of Bode Ferrin and Eli Bernstein we think will be tough. We shall see.
- Tugs are this evening as I write this.
- Kieran Flood is running Color War for his 2nd consecutive year. Sean Karass, a longtime veteran counselor who has coached a few times himself. Both are doing a terrific job!
- Attached are the teams. See you tomorrow morning for some predictions.

## Day o results

Last night - White won the first 4 tugs with some great performances by Nate Mendelsohn, Joey Moya, Davis Jones and Logan Krolnik. Blue was able to win the last 2 with Chris Kenguruka and Spencer Hertz leading the way.

## Day 1 Predictions

## Morning

Junior Kickball - I'm going with White as they have more depth kicking with Davis, Evan Kaufman, Jovani and Leo. Bode and Eli should do great in the field though and Bode could have 2 home runs with his boot.

High Junior Soccer - We are going with White with Nadim, Tyler Grossman and Adrian Renderos leading the way. This could be an easy victory for white.

Low Intermediate Basketball - I like Blue here with the Icoyitungiye brothers leading the way. Brogan Murphy should be the key guy for white and they have some nice role players with Noah Sandler, Sam Dancey and Quinn Harrington. More importantly, this is a repeat of the famous Ace Eagerman vs. Nate Mendelsohn battle from a year ago, where both players guarded each other intensely. Both dads are demanding I take a video.

High Intermediate Volleyball - We like Blue, but not strongly. We think they have better guys up front at the net with Massai and Carter. Also, Sean Karass believes Chris TomazHull's serve could be the difference.

Senior Waterpolo - We like Blue as they have better overall swimmers and we think Cole Fontecchio will be the best player.

High Senior Softball - This should be a great game. We love White's hitting and Blue's fielding. White has bashers with Hunter, Jack Goldberg and Matty Vogel. The infield of Miles Murray, Brady Bloch, Spencer Hertz and Spencer Parco should be terrific. I am going with Blue as they have better speed on the basepaths as well.

That would be a 4-2 blue split

## Afternoon

Junior Soccer - this should be a win for White as Evan Kaufman is clearly the best player in this group and maybe in all of Juniors. Bode is terrific as well, so an upset isn't out of the question.

High Junior Kickball - We like White again for this game. As I look at this division, I think White's speed could be an issue for blue going forward.

Intermediate Volleyball - We like White easily as Brogan should be able to figure out Volleyball and Sam Dancey is a beast at the net.

High Intermediate Basketball - This should be a really good game. Derek Jones, Kirwan and Camargo are solid. Blue has height and Jeter we think is the best player in the game. We are going Blue, but it's a coin flip.

Senior Softball - We love Blue with AJ Valentine and the Hahn brothers leading the way. This game may not be close.

High Senior Waterpolo - We like White with Zach Andelman, Matty Vogel and Hunter Beaulac all outstanding players. Miles Murray and Parco should be solid for Blue.

That would be 4-2 white

## Evening

Senior spelling bees, who knows, but Ace Eagerman won last year, so he should be formidable. For the Apache, I like Blue's depth at the High Senior level where their top guys should be able to do 2 events each.

## Day 1 results

## Morning

Great start for the White Diablo.
Junior Kickball - We were correct, this was a close game for a few innings, then White opened up a huge lead. Davis Jones supposedly never did worse than a double the entire game. Evan Kaufman, Leo Bovasso were strong as well.

High Junior Soccer - We were correct again, it was competitive early, then White pulled away. The sleeper of the division seems to be Manzi on White. He, Nadim and Tyler Grossman were too much.

Low Intermediate Basketball - This game was ludicrous. First off, the coaches ruined the Nate vs. Ace matchup as they played different quarters. This was very disappointing. Blue got off to an 8-o lead and at that point I would've made the point spread -40 as it seems like a mismatch. However, Brogan Murphy and Parker Levitan hit big 3s to cut it to 8-6. Still, it seemed like luck that the game was close. Then in the 2nd quarter, the Gregory Christophe experience happened. He comes in and was mix of George Gervin with dipsy do shots and freakish athletic plays on defense, like Giannis. Blue was winning the entire game, but the "Iceman" Christophe scored consecutive layups. Blue hit a free throw to cut it to 1 and had a great play with 3 seconds for a winning attempt. But it got broken up. Great game, but an excruciating loss for blue. Iceman had 20 points, Elijah and Enoch Icoyitungiye had all 39 points for blue.

High Intermediate Volleyball - We were wrong, white had some strong players with Johnny Camargo and Derek Jones. White won fairly easily.

Senior Waterpolo - Easy win for Blue, Cole Fontecchio was just too much as predicted.

High Senior Softball - It was indeed a great game. It was $5-5$ at one point and Hunter Beaulac had some key hits and defensive plays at 3rd base. This was the other game today that blue could've easily had and really needed. Matty Vogel played great as well as Ori Kohl, Ross Israel and Zach Andelman.

White won the split 5-1

## Afternoon

Junior Soccer - Yup, this division could be a problem. Evan Kaufman was as advertised, and White won easily. I really do think Blue juniors can turn it around, but they got beaten badly today.

High Junior Kickball - White won easily as expected. This division also could be a problem. White has a lot of speed.

Intermediate Volleyball - White did indeed win easily as predicted. Sam Dancey played great as did the entire team.

High Intermediate Basketball - This was an impressive win for White. Derek Jones played one of the best games I can remember. He was like a combo of Chris Paul and Steph Curry. Insane dribbling moves, shooting and finishing at the rim. I wish I had this on video. There was just nothing blue could do. Johnny Camargo was terrific as well. For blue, John Doyle's hustle the entire game was impressive. He would've won Outstanding Sportsman if we did it for Color War.

Senior Softball - As predicted, Blue won easily. The combo of the Hahn's and AJ was just too much. Coach Zinman said everyone played well. Tyler Hahn got a HR, triple and double. Josiah Bowen was terrific as well.

High Senior Waterpolo - Blue was up 3-2 early and white turned it on for an easy 8-4 victory.

White won 5-1 again. I am going to cry. As bad as this was for Blue, they easily could've won 2 more games and would've only been down 60 , but at this point it was a staggering 100-point lead for white.

## Evening

Some good news for Blue finally. They were winning the Apache for most of the way. Then Jacob Kirwan did Jacob Kirwan things like hitting the whiffleball on the roof on the 1st try. Then he goes to Pickle ball and completes the forehand-backhand combos on the first try. White was up by about 30 seconds at this point. But, Myles Murray nailed the Archery shot on the 3rd try and blue won easily from there. Other great performances were from Jacob Dancey on the Piggyback and Myles Murray again on the Softball hit.

Blue won 2/3 spelling bees with Marcus Nguyen and Josiah Colon. For White, Evan Kaufman won for juniors. Quite an opening day for Evan Kaufman, in his Color War debut.

White is now up 82 points, weirdly Blue has some momentum. It seems absurd as I write this, but it just feels a lot different than the early 102-point lead 2 hours prior.

## Day 2 predictions

## Morning

We think Blue could be better for Swim and Track, so if the lead doesn't increase, they are still in it.

Junior Relays - I like Blue in the dribbling relays and white in the shooting ones. I'm going with a tie here 5-5. Eli and Bode's speed should be big with the dribbling ones and there is more speed on their side with the role players. Tie.

High Junior Waterpolo - Hard to tell here. Blue has bigger players, which is typically better for Waterpolo. Mathew Vargas could be dominant in this game. I'm going with Blue.

Low Intermediate Football - The Icoyitungiye brothers should be terrific with their size and speed here. However, I am wondering if the "Iceman" Greg Christophe has another heroic game in his bag. White has some good role players, but I don't see who runs the ball for them as well as the Icoyitungiye's. I'm going with Blue. Elijah and Brogan (for white) did not play flag football all summer, but the adjustment should be fine as they are skilled athletes. Kieran disagrees with me here and likes White.

High Intermediate Softball - I don't love what I saw from Blue yesterday after getting dominated in Basketball. Do we chalk that up to Derek Jones just being too good at Basketball? I like the combo of Jacob Kirwan and Johnny for White. For Blue, Isaiah Jeter, Shane Gallagher and Nasr Abbari should be solid. Tough call here. I'm going with White, but only because they have huge momentum.

Senior Volleyball - We are being told we overstacked the teams vs. Zack Wynn who won seemingly every league game he played this summer. I think he will get 2 wins. But I don't think this is one of them. Blue has too much depth and depth is key in Volleyball. Josiah could be ridiculous with his length and athleticism. I'm going with Blue.

High Senior Soccer - We know White has Matty Vogel, who is as good as any Soccer player that we've ever seen at camp. Up there with Carl Headges, Devon Usal, and maybe even Gui Stampur for our veteran readers back from the 90s. However, Blue has everything else here and the best soccer player, weirdly does not win the High Senior game often. I am going with Blue with Parco, Nathan Riesenburger, Aiden Diliberato and Hertz in net. Jacob Dancey could be huge for White. I'm going 4-2 Blue here. That would be a 4-1-1 to Blue.

## Afternoon

Junior Waterpolo - We have no clue here. White has some bigger kids. Since White was so good yesterday, it's hard to go against them here. I'm going with White.

High Junior Basketball - This is not a game I'm looking forward too as a ref as I think the final score will be like 20-14 or something. Blue has more size here and we see Blue getting a lot of offensive rebound putbacks. I'm going with Blue but could be way off. Vargas and Devon could dominate for blue.

Intermediate Softball - I like White here with Brogan and some solid role players. Billy Deyesso is good for Blue. Of all the sports, this is not one of the stronger ones for Elijah and Enoch. White just has a lot of solid guys with Parker Levitan, Noah Sandler and Quinn Harrington.

High Intermediate Football - I watched an Intermediate league game where Isaiah Jeter was on the same level as the Bowen brothers, so he could be spectacular here. Massai is a good wide receiver as well. Johnny Camargo would have to dominate here for white to win. I'm going with Blue.

Senior Soccer - Unfortunately for White, I think Blue has this one too with AJ Valentine and more depth. I like blue comfortably. Tyler Hahn could have a huge game as well.

High Senior Volleyball - Blue has soooo much depth here. Matty could dominate in the middle, but they don't have a spike it guy. Blue has Miles Murray at net and just a beast of servers with Hertz and Brady. I like Blue.

I have Blue 4-2. If we are right, Blue will be back in this thing.

## Evening

For the Apache, I am going with White as their Junior groups are better and White's intermediate group has specialists like Jhonny Montoya on Soccer, Nate Mendelsohn on Mystery Question and Brogan Murphy can do mostly anything. For Spelling Bee, we like blue 2-1.

That would make it a 42-point lead for White.
Good day for the Prediction machine.

## Dedication Page

During Old Timers' Week, we also recognized Jerry Feld, who passed away earlier this year at 83 . As the new plaque at the waterfront shows, Jerry was a longtime Camper and Counselor. After excelling as a college athlete in baseball and basketball at Bates College, he joined the Navy, and became a Navy Seal. When his time in the Navy was completed, he went to Law School at Boston University and during summer break went back to camp to be the Waterfront Director! He then had a successful career as a lawyer in the Boston area. He will always be remembered!

"There are some stories that are true, even if they never happened."
-Margaret Geller, remembering her husband and long-time West Ender Arthur Geller (his first name is actually Abraham).

During our Alumni Week (Old Timers' Week) at the end of every summer, we honor and remember alumni who have recently passed. This year, one of the special ceremonies honored Arthur Geller, a favorite among alumni of all ages. His old West End House jacket now proudly hangs in the Margolin Center. His stories and legend live on!

## Day 2 Results

## Morning

Junior Relays - It was indeed a tie. I was wrong, white won most of the basketball skill relays and blue won most of the shooting ones. White was up 4-0 in this contest and then Blue won 5 straight before White tied it up. Jovanni for blue and Eli for white were fast and Eli made several of the shots.

High Junior Waterpolo - Vargas dominated as predicted for a comfortable Blue for an easy 8-o victory. This was a concerning division until today.

Low Intermediate Football - I truly believe this is a classic momentum division and I don't think these teams were poorly made. Blue lost a devasting Basketball game and this group has not recovered well since. White won easily with the Iceman using his athleticism for the victory.

High Intermediate Softball - Close game throughout, White pulled away late. Jacob Kirwan was clutch as always.

Senior Volleyball - Blue won 3 games to 1 . They continue to display too much depth. The combo of AJ Valentine, Josiah Bowen, Quinn Connors and the Hahn boys has proved to be a devasting combo. It was nice to see white win a game though here and extend the game.

High Senior Soccer - Finally, in High Senior Soccer we were dead on again. It was 31 blue at half and they pulled away for a 6-1 victory. Coach Aidan Connelly refused to allow Matty Vogel get any breathing room and had 2 guys shadowing at all times and sometimes 3. I watched the 2nd half and blue was not dominating at all, but they were able to finish on their chances. Spencer Hertz made some great saves as usual. Matty still played great for white, but blue just had too many guys.

So, the split went 3-2-1 for Blue.

## Afternoon

Junior Waterpolo - Blue Juniors got on the board with Bode Ferrin leading the way. This division was made with the thought that Bode would be dominant. On day 1, white's overall depth was too much, but Bode did exactly what we expected and took the squad on his shoulders. White leads this group with a 2-1-1 record.

High Junior Basketball - As many of you know I ref Basketball, which is why the Basketball paragraphs are typically longer. Blue carried play for most of the game with a consistent lead between 5-9 points throughout. Devon Pina and Mathew Vargas scored 12 and 9 each in a low scoring affair. Kaleb was huge for white. Late in the game, white cut it to 5 with about 1:30 left. But, Vargas stole the ball for a layup to the crowds utter delight. Basketball nerd alert...I was so thoroughly impressed with 1 player, Daniel Kendall-Popovic. A terrific Basketball name. Daniel did not score but was amazing. He
had about 15 rebounds and the 2 most fundamentally sound picks that led to 2 easy baskets. Sorry, the former coach in myself was so thrilled to see a junior play with such poise and skill, doing the little things. Gabe Westman was also a great role player for blue with some big rebounds down the stretch. This division is now 2-2. Good for us!

Intermediate Softball - This game was not as close as we had thought
with White winning fairly easily. My basketball game wasn't even at half when this game ended. I feel like they played 3 innings. Brogan Murphy dropped some bombs at the plate. Thank god we moved him up or it would've been ugly. He has been amazing so far. White is $4-0$ in this division, and I honestly think the teams are even. The emotional piece has been evident. White keeps their cool and has been clutch.

High Intermediate Football - Truly a terrific game that few people saw. This game was the 2nd to last game to finish and the entire camp was watching the epic HS Volleyball game. White seemed to be coasting to a win with a 20-6 lead. But touchdowns by Carter Lee and Isaiah Jeter cut the lead to 20-18. White was able to stop the huge 2-point conversation. White had the ball up 2 with 3 minutes left and the conservative coach in me is thinking, they ought to run 3 times and milk it. Not coach Corey, who is an amazing coach. He went for the win and sure enough Michael Camargo hit Logan Krolnik in the back of the endzone for what seemed to be the game. However, Blue scored a quick TD and got the ball back again somehow and had a couple of chances for the win. Logan Krolnik played like Gronk out there catching passes and making key blocks. Johnny Camargo and Derek Jones have just been too good together. In hindsight they should have been split up. White is 4-0 in this division.

Senior Soccer - Blue is just dominating this division. They are in a groove with great chemistry. This game was not competitive with AJ Valentine leading the way for Blue. Blue is $4-0$ in this division.

High Senior Volleyball - White won the first 2 games with Matty Vogel controlling the court and Hunter Beaulac controlling the net. Blue won a close game 3 and an even closer game 4 to take it to the deciding game 5 . White just seemed deflated after that and blue momentum made for an easy victory in the last game. Miles Murray has been amazing all Color War and he is a 13-year-old High Senior. What will he do in 2 years? Scary thought. This was the last game of the day and Blue had the lead down to 52. Blue evened off this division at 2-2.

4-2 Blue for the split, as we predicted.

## Evening

We said Nate would be huge and he was. He did a great job on the Mystery Question, then finished blue off with hitting the 2nd archery shot. That solidified the win for white. Ace Eagerman was ridiculous in the Mystery Question finishing in about 1 minute. In fact, Ace was better than our answer key as he had a correct answer that was not on our answer key. Higher level stuff. After Ace's performance, Mathew Vargas nailed the wiffleball on the 2nd try and blue cut a 4 minute down to about a minute. Then Bode Ferrin and Jean Chaboussant did Pickleball quickly and it was tied
after that. But Nate's Archery shot stopped the momentum for blue and they won handily by about 4 minutes. White's kayakers and leapfrog crews were huge as well. I ran with the blue team, so I am not sure who they were.

White also won 2/3 Spelling Bees, so what could've been a monster day for blue turned into just a 10-point win for day 2.

White leads by 72. Not even close to being insurmountable.

## Day 3 Predictions

## Its Track and Swim Day!!!

## Morning

## Junior Track

In the youngest group it should be a battle between Eli Bernstein and Jovani Evora in the dash and in the Steeple or Distance if they face off. Samuel Cornish is my sleeper pick for blue to do well in a long-distance race. Blue should have the upper hand in this group.

For High Juniors, White should win by a lot. Blue has bigger guys and are likely to struggle in the distance races. I see Tyler Grossman and Nadim Abbari having a big morning.

For Intermediates, Enoch and Elijah should have a big morning for blue. For White, Brogan Murphy should do well in every event he does. Sam Dancey will get some points for white. But the "Iceman" is on fire and I could see him winning the dash, broad jump and Steeplechase. This group will be close.

Overall, I like white by a few points. Let's say 53-47 points.

## Senior Swim Meet

For High Intermediates, this is where blue could make major headway. John Doyle for Blue and Logan Krolnik for White are about even. But if Doyle gets the upper hand, Isaiah Jeter is the next best guy, and they could roll in this group.

For Seniors, Cole Fontecchio is likely to sweep every event he is in and Eisei Kori should come in 2nd and maybe win a race. I like Blue by a solid amount here as well.

For High Seniors, it's a tough call because it's not clear who the best guy is. It could be Hunter Beaulac for White or Miles Murray for Blue. Zach Andelman should get points for White. I like White in this group a little bit.

Blue has far more Waterfront staff, so they have that advantage too. I am going with a big win here for blue with a 61-39 edge. That would cut the lead from 72 to 56 .

## Afternoon

## Junior Swim Meet

It's likely going to the Bode Ferrin show for this group. Davis Jones should get some points as well. I think Blue gets the better hand.

For High Juniors, Blue seems far better with some bigger, stronger guys including Mathew Vargas. I like Blue big in this group.

For the Intermediates, I'm just not sure. I would bet that Brogan is a strong swimmer and that Sam Dancey could get some points. I like White comfortably here.

I'm going 55-45 white for this swim meet.

## $\underline{\text { Senior Track Meet }}$

For the High Intermediates, Carter Lee, Isaiah Jeter and Massai Mungal should be terrific. Johnny Camargo is up there for CW MVP right now and I'm sure he will get points in the dash and long-distance races. I like Blue here though.

This division was probably the most poorly constructed with hindsight. Blue just has a lot of depth and speed. Messiah Bowen for White, might be the best in the group. But, Blue has Tyler Hahn, Josiah Bowen and AJ Valentine. Blue wins comfortably. Justine Charles could be a sleeper for White.

For High Seniors, I love blue here. White does have Matty Vogel and Jacob Dancey for the distance races and some strong softball throwers with Hunter Beaulac and Jack Goldberg. I like the speed of Parco, Riesenburger and Rasheed Delva for Blue. Blue wins comfortably.

So, I will predict 57-43 Blue here.
So that would gain blue 4 more points and trim the lead down to 52 , still well within reach with 150 points available before Song Night.

## Day 3 Results

## Morning

## Junior Track

Well this was the most wrong I've been all Color War. Utter destruction by white. I've run 15 Track Days, so 30 Track meets for Color War and this was the most lopsided I've ever seen. White literally won every single event except Junior Relay, Eli Bernstein winning the dash and Bode Ferrin winning the Softball throw. Every single other event ( 15 of them) was won by white. Oh, but it's worse. Most of those wins went White, White, Blue, or White, Blue, White or the dreaded sweep. Low Intermediate Dash, Broad Jump and Softball throw went White, White, White. If Blue doesn't come back, this will be where they lost Color War. The final differential was a staggering 57-point differential. That is 3 points shy of a 6-o split. The individual achievements can be read in the attached results. Jhonny Montoya's performance in the Distance was amazing. I think he could've run for another 2 hours without getting tired. Greg "Iceman" Christophe continues to have an amazing Color War and Brogan Murphy is proving to be a superstar in the making.

White 78.6 to 21.4

## Senior Swim Meet

Great friends and swimming rivals Logan Krolnik and John Doyle went against each other in 3 races and Logan won 2 and John Doyle won the Distance. Those 2 are the best in the entire camp. Miles Murray, again 13 years old, dominating the High Senior group. Cole Fontecchio did his thing and won 2 races and came in 2nd in the other. He has a new swim rival Eisei got him in the backstroke.

Blue won handily by 15 points.
Blue's lead was 114 going into lunch

## Afternoon

## Junior Swim Meet

Evan Kaufman was outstanding in the Junior group. Mathew Vargas and Devon Pina were great in the High Junior group. Big in the Low Intermediate group was a rare swimming sweep with Iceman Christophe in 1st, Jhonny Montoya in 2nd and Quinn Harrington finishing in 3 rd . The reason a swim sweep is so rare is because Swimming is the most predictable Color War event. Therefore, the runners usually separate the best ones. For example, there was no way John Doyle and Logan Krolnik were going to be on the same team as they would go 1-2 in every race. So, to get a sweep is not like it is in track.

White won the swim meet by 6 points.

## $\underline{\text { Senior Track Meet }}$

Blue crushed White here, but not by nearly as much as they got crushed in the Junior Track Meet. Blue Seniors continue to be a dominant group. Tyler Hahn not only won the dash, he had the best time in camp by a significant margin. Oh, and he's 13 years old. Lachlan Welsh had a great day with a win in the Dash and a 2 nd place in the Distance. The younger guys in High Seniors continue to impress with Aidan Deliberato, Miles Murray, Jacob Dancey and Jack Goldberg all having terrific Color Wars. Those guys will be amazing next year. The best finish of the day was Carter Lee sliding his foot past Isaiah Torres to get 4th place in the Steeple Chase to the delight of his blue teammates. White doing well in the High Intermediate Distance saved them from an ugly margin.

Blue won 64.3 to 35.7
So White now leads by 92 points. It's still possible for Blue, but they need a monster day tomorrow.

White is up by 92. So, Blue is losing avenues to make a comeback with 15 games left before Song Night. Essentially, they will need to go 11-4 at the minimum to have a chance. I think 12-3 more realistically.

## Day 4 Predictions

## Morning

3 Omelet games this morning (2 inning softball games), each one is worth 10 points. For the Jr/HJ one, hard to say. I think Blue has some better hitters and Bode Ferrin could be huge at Shortstop. White has more depth in the Junior group. I'm going with Blue, I think Bode will dominate in the field.

For the Intermediate/High Intermediate one, this should go
with White easily. However, there have been major upsets in the Omelets in the past and this would be one of them. The 2 white groups are 8-o in this Color War, so it's hard to see them losing now.

For the Senior/High Senior game, I like Blue with far greater depth in both groups. Adding the Hahn brothers to an already outstanding group of fields with the High Seniors, should be tough to get past. I'm going with Blue.

That would be Blue 20 points and White 10.

## Afternoon

Junior Newcomb - Bode is the best player in the group. The combo of Davis, Jovani, Evan Kaufman and Leo might be too tough. I'm going with White. Leo is terrific in Newcomb.

High Junior Softball - We will find out a lot in the morning based on the Omelet game. I think Blue has better hitters, white has more fielding and speed. I'm going with White with Tyler Grossman leading the way.

Low Intermediate Soccer - I'm not going against the White group here. The spirit of the blue group has been down since Basketball. This could be a blowout with Jhonny Montoya scoring 5 goals.

Intermediate Waterpolo - Jeter and Doyle for Blue vs. Krolnik and Camargo for white. Carter Lee is a good swimmer for Blue here as well. I'm going with Blue getting their first win in this group.

Senior Football - Zack Wynn was unbeatable all summer, but this is a tall task. With AJ, Josiah, Tyler Hahn and other solid role players I am going with Blue. But, this could be the Zack Wynn takes over game. His line just isn't as good. I'm going with Blue.

High Senior Basketball - Again, I just love Blue's depth here. White has Vogel who could will his team to victory. I just don't see where he gets many other points. Maybe Ross Israel can get hot. But, Blue has so many solid players with Nathan, Rasheed, Parco, and Brady. I'm going with Blue.

So, that would be a 3-3 split. I really don't see either side doing better than 4-2 here. I'd say Stranger Things have happened, but that should bias towards Blue.

If it plays out that way, Blue cuts the lead to 82 points.

## Day 4 Results

Ok, today I was back to my prime when I was the Color War Nostradamus. 9-0 predictions. Come on, give me some cred here people.

Nailed the Omelet predictions, thank you, thank you.

## Morning

The Senior game wasn't close, Blue was up 5-1 after the 1st inning and won 9-3. Not much to add there.

The Intermediate game was incredible. White was up 4-2 after 1 inning with Jacob Kirwan looking like the MVP, which some great plays in the field. The blue bats came alive in the 2nd inning with great hitting from Carter Lee and Isaiah Jeter. Blue had a 74 lead with White having last ups. Chris Tomaz-Hull kept getting outs at pitcher and the momentum was on Blue's side with only a few batters left. It was 7-6, Jacob Kirwan on 1st and the last batter was Johnny Camargo, who is a dangerous hitter and would probably be Color War MVP at this point. So, Blue would win unless Kirwan scored, in which case it would be a tie. If Camargo hit a Home Run, White would win. "And the pitch, it's a deep, deep fly ball to right center field, the last outfielder is not far enough back and it gets over his head. This is gonna be a HOME RUN, here comes Camargo and
the WHITE TEAM WINS!!!!" Just an amazing victory and a tough blow to the Blue Low Intermediates and Intermediates who have not got on the board. I think the Camargo Crush probably ended a realistic comeback from Blue in this war. White wins 8-7.

The last game to finish out was the Junior game. White scored 3 runs in the first and blue got 4, to take a 1 run lead into the 2nd inning. In the 2nd inning, White kept hitting to Bode Ferrin and Bode was a rock in the field. White had a 6-5 lead going into the bottom of the 2nd. However, White's defense kept making plays and what seemed like an easy win was getting nerve racking for Blue. Eli Bernstein grounded to 1st as the 2nd to last batter to tie the game with Daniel K-Popovic coming home. Last batter, Bode Ferrin, rips it to the left of the 2nd baseman, game over. Gabe Westman got the game winning run. Blue wins a terrific game.

Blue knocked 10 points off the lead, 30 points off could've made this much more interesting.

## Afternoon

Junior Newcombe - White's depth was too much. Davis Jones fires the ball and Blue didn't have enough guys who could serve. White won 2 games to 0.

High Junior Softball - Dead on here, White was too good and Tyler Grossman led the way.

Low Intermediate Soccer - This was closer than many thought and was only 3o. However, I was told Blue didn't have a chance given how much White possessed the ball. Jhonny Montoya is a top 5 candidate for Color War MVP.

Intermediate Waterpolo - Doyle got Blue up big early with a 6-2 lead, but white came firing back with Jacob Kirwan and Logan Krolnik. They cut the score to 6-5. White had a shot at the end to tie and missed. This was the first victory for Blue High Intermediates.

Senior Football - Zack Wynn did everything he could. But, Blue just had too much with Josiah Bowen making Calvin Johnson plays on the outside. I was very impressed with White's effort throughout even though they were down by a lot.

High Senior Basketball - Do not pay attention to the score here, it is completely deceiving. Matty Vogel was willing White to what seemed like an upset for most of the game. Jacob Dancey was getting putback layups and Danny Bond was grabbing boards. Matty was dominant. This game was tied or close too it for the entire game and Blue had a 5 point lead I think going into the 4th. Spencer Parco had a Reggie Miller at MSG minute that blew the game open. He hit a 3 and stole the ball twice in a row for layups. Miles Murray started hitting shots and Rasheed Delva as well. I was more impressed with Matty Vogel in this loss than any of his many wins through the years. Blue went on a 15-0 run or so to open the 4th quarter and that was that. Matty had 32 and Jacob Dancey had 12. Parco's amazing minute led to a huge total of 34 points. Miles Murray had 13, Nathan 9 and Rasheed 8. Danny Bond may have only had

1 basket for White, he grabbed a ton of rebounds and set some amazing screens to free up Matty. If Matty had 1 more scorer, I think White may have won. Blue won 68-46.

So, there is the 3-3 split that was predicted. I may do the George Costanza move (Seinfeld) now and leave the predictions on a high note for the rest of Color War.

Blue remains up by 82 points. Even if White sweeps 6-0 tomorrow, I don't see them winning Song Night by 22 points. So, the winner of this Color War is no longer in doubt unfortunately. But, hopefully both sides will play hard tomorrow with pride and a chance at 600 club for White on the table.

The only way Blue could win now is by sweeping 6 sports tomorrow and White having a horrific song night. It just isn't gonna happen.

## Day 5 Predictions

## Morning

Junior Softball - Tough one. White seems like the call but Bode is just ridiculously good and could make every play in the field. I'm going with Blue in a slight upset.

High Junior Newcomb - Another tough one, White has had better depth, but Blue has some strong kids. I'm going with Blue here. Another coin flip game.

Low Intermediate Waterpolo - If you go by the Swim meet, this seems like an easy White victory. But Billy Deyesso could make a difference here. Jean Chaboussant is a good swimmer for blue as well. For White, it could be the Iceman show with Sam Dancey and Quinn Harrington leading the way. I'm going with White, in a close one to complete their sweep.

Intermediate Soccer - It's just so hard to not pick White with Camargo and Kirwan. That's a deadly combo. But, this could go with Blue if Isaiah Jeter is as good as advertised. Carter Lee is really good as well. I'm going 4-2 White.

Senior Basketball - This is Zack Wynn's best chance to get a W. He has Messiah, Jameer and Justine Charles are all really good. That is a solid crew. Blue has AJ Valentine, Josiah, Tyler Hahn's legendary Defense and Quinn Connors. While White has got beaten badly all Color War, I'm going with White. They finally have a sport where their depth is on par with Blues. Close one, I'm going White by 5 points.

High Senior Football - I really like White's toughness and resilience. Blue has won 3 consecutive games in the division. Matty Vogel will leave it all on the field for sure. White has a strong line with Darius, Jack Goldberg, Hunter, Jacob Dancey, Zach Andelman and Danny Bond. Maybe White plays old school and just direct snaps to Matty and lets him cook. White doesn't have speed at WR, so they may become too predictable. For Blue, they have all the speed they need with Miles Murray, Nathan, Rasheed and Parco. This could be a power vs. finesse game. I'm going with Blue, 2714. We always say that when there is a clear best player in a group, that player always
finds 2 wins. Matty Vogel is that guy and they have won 2 games already. This is winnable if White plays it smart.

Well, White Diablo is going to be famous after another 5-1 split this morning.

## Morning

Junior Softball - Great all-around team effort for White. White went up big 5-o. Blue tied it up in the last inning. White scored 5 in the top of the 7 th inning. Leo Bovasso was terrific pitching and Evan Kaufman and Indigo Picone did well hitting. White Juniors ended up going 4-1-1.

High Junior Newcomb - Great game. White won the first game, Blue won the 2nd game and then White won 6-o in the overtime game. Tyler Grossman played well. White High Juniors went 4-2.

Low Intermediate Waterpolo - This was a close game most of the way and tied 1-1 early in the 2nd half. White pulled away for a 3-1 victory. This division was a major reason for the lopsided Color War. White had great chemistry with this group. Brogan, Jhonny Montoya and Iceman were just so clutch for White and their other guys were so solid like Quinn Harrington, Noah Sandler, Nate Mendelsohn, Parker Levitan and Sam Dancey. White won this division 6-0.

Intermediate Soccer - I am giving the unofficial CW MVP to Johnny Camargo, just an unbelievable performance. White won handily again. Sean Karass said Camargo should've been a Senior when we made the teams, and he was certainly correct. Blue did get the Waterpolo win yesterday, so the final split was White 5-1.

Senior Basketball - This was a terrific game for a half. Zack Wynn opened the game nailing a half-court shot. The Zack-Messiah vs. AJ - Josiah matchup was what was expected with all 4 playing great. Blue won this game handily because of the play of Quinn Connors as the 3rd star for Blue. Josiah went crazy late in the game and scored 16 in the 4th quarter alone. Quinn Connors had 14 points and AJ Valentine had 14 as well. AJ also played great defense. For White, Zack Wynn was terrific with bank shots and 3 pointers. But he needed 1 more guy. Zack had 20 points, Justine Charles 9 and Messiah Bowen had 8 and a ton of rebounds. The final score is very deceiving here. This was a battle until halftime. Blue Seniors go 6-0.

High Senior Football - Matty Vogel opened the game with an 80-yard TD on the first play of the game. Then he got an endzone interception. Hunter Beaulac caught a TD from Matty before the end of the half to give White a 14-o lead. White was just bigger and stronger up front, as was said earlier. Blue had a hard time getting enough time to use their athleticism on the outside. With the game seemingly over with 2 minutes left, Miles Murray hit Spencer Parco for a deep TD over Matty's outstretched arms. After the successful 2-point conversion, White was up 14-8. Blue used their timeouts, got a stop and had the ball back at midfield with about 30 seconds left. But, they had to clock it, to have 1 final play. Poetically, Vogel intercepted the last play of the game and White High

Seniors evened off the split 3-3. They had a huge party on the field realizing they pretty much clinched 600 club history. Blue High Seniors played hard to the very end.

White won the split 5-1.
In order for Blue to keep out of the 600 club, they would need to win song night by 26. Not happening. I think it's going to be close. I'll predict White by 5. Final writeup this evening or tomorrow morning.

## Song Night Results

Well, that didn't go well for Blue. Judging Song Night is an inexact Science. For years, I've intentionally not given any direction as I want the judges to feel like they have total autonomy. There are many people I respect deeply that believe Song Night should be an all or nothing proposition. Example, if the Skit is worth 50 , it should be 50 to 0 for the winner. That is the way it is for every game in Color War except Junior Relays. So, it makes sense. Personally, I believe that the coaches and campers work so hard on Song Night, to give a team o or only a few points don't take into consideration the effort that went into it. White should've won Song Night by 8-12 points in my opinion. Here is what happened.

Entrance - Both teams did the typical move where they bring in someone dressed like the other team and when the team enters, the entire team rushes that person. Then they sing 3 songs. I would love someone to mix it up one year, but this seems to be a new tradition. It was basically even in the judge's mind, with Blue winning by 1.5 points. I agreed.

Song from the Seats - Again it was fairly even. White did a chant that was cool, and they won 16.5 to 13.5. Again, I think that was about right.

Skit - Blue skit would've been ok, but we just couldn't hear it. The coaches sometimes don't remind the kids that they need to be extra loud. Spencer Hertz played me and was very funny. Chris Tomaz-Hull as Chef Ryan was funny as well. The White skit was definitely better. Matty Vogel's loud obnoxious impersonation of me was confusing because of my low-key tone and calming nature. He was hysterical. He has been working on an impersonation of me all summer, down to the Cargo shorts and Color War Shirts. White was very loud, which is exactly what you should be in a skit. I'd have had it 28-22. The judges were very aggressive though and had it 38-12. I didn't feel like Blue did a poor job, nor did I think White's skit was a Broadway production. I strongly disagree with this score. But that is what happens when you do a subjective competition with judges. People see it in different ways.

Song from the Floor - White won by about a point. Blue did the Stranger Things hole thing (I'm so lame). White did a pitchfork formation. I've said it several times, the judges aren't judging from a Goodyear Blimp. They have no idea what the formation is usually. In my era a team, the Blue Jungle, once sang while walking around the Rec Hall. Future coaches out there, have the kids move around on the floor.

Alma Mater - Blue was very solid. However, White started off with a piano solo and had a singing solo by Princeton Roberts, who was MONEY. The judges ate it up. Again, I'd have had it 28-22, they had it a whopping 37-13. I just don't agree with that.

White won Song Night by 53 points, which must be a record or close to it. If I'm being honest, I think Blue did a solid job and I don't think White was outstanding. I am intentionally leaving the judges names out of this in fear of them receiving hate mail. The blue coaches were not pleased, as they were down the entire Color War and lost Song Night by way more than I believe they should have. The Blue fought hard to the very end and deserve to be recognized for their effort.

Final Score of Color War, White 639, Blue 465.
On a positive note, I had several campers come up to me saying how much they loved Color War, from the LOSING side. It made me feel great, when a new camper, Jean Chaboussant told me he loved Color War and how fun it was. Not only was he on Blue, but he was in a division that went o-6. Talk about a great attitude. I'm always a bit cranky when Color War isn't close, but that conversation made my day. We just have terrific kids at camp, who are appreciative even when things don't go their way.

I think this will put White Diablo in the 5 th spot for greatest team ever behind Bad Boys, Vice, Union and Stallions. Final Results are attached.

## Cold - Maroon Five

Cold enough to win this war,
And hang a blue plaque in the mess hall, White don't understand why were so tough to beat, In every split we meet, I see there's something going on,
White don't understand why were so cold.

Are you taking time or a timeout,
We're the best West End has seen,
Ain't no more space here in our house,
It's better if you just leave,
Acting like we're not together,
After everything that we've been through,
Makin' you cry for your mother,
How are we so far away
from you?
Distant, when were winnin, We're so different,

## [Chorus]

Baby, tell me how did we get so,
Cold enough to win this
war,
And hang a blue plaque in the mess hall,
White don't understand why were so tough to beat, In every split we meet,

| I see there's something going on, | Break those chains that bind you, |
| :---: | :---: |
| White don't understand | Tonight will remind you, |
| Yeah, woah oh oh yeah | our separate way |
| Woah oh oh yeah, | In hell, it won't burn blue, |
| White don't understand why we're so cold | The plaque will remain true, |
|  | You know we still own you |
| What you holdin' on, holdin' on for? | Now we fought and went our separate ways, |
| If you wanna leave, just leave, | The whole time, |
| White you gotta know you're done for | Whites between confusion and pain, pain, pain, |
| Your silence is killing me | Straight up lies, |
| Acting like we're not together, | Diablo are living in vain, in vain, in vain |
| If you don't want this then what's the use | [Chorus] |
| Makin' you cry for your mothers, | Whites between confusion and pain, pain, pain, |
| How are we so far away | Straight up lies, |
| from you, | Diablo are living in vain, in vain, in vain |
| Distant, when were winnin', | [Chorus] |
| Feel so different, |  |
|  | Everybody Wants to |
| [Chorus] | Rule the World - Tears for Fears |
|  | Welcome to this war, |
| Separate ways - | There's no turning back, |
| Journey | Even while you sleep, We will find you acting on |
| Here we stand, | your worst behavior |
| Worlds apart, | Turn your back on one |
| Whites broken in two, two, two | another, |
| Easy fights, | Everybody wants to be the |
| Losin' ground, can't ever | blue |
| beat blue, blue, blue | White is so confined, They're just clearly worse, |
| [Chorus] | Help me to decide |
| Someday, earth will find | Help me make the |
| you, | Most of every situation, |

You can't ever, run forever, Everybody wants to be the blue,

There's a room where the blue won't find you, Holding hands, while we go to the upside down Turn around and we're right behind you So glad they almost made it, So sad we had to fake it,

Everybody wants to be the blue,
I can't stand whites
indecision,
Send them home with
black eye vision, Everybody wants to be the blue,

The Hardest Part Alexander 23 (Alma Mater)

I know that everybody gets older
I don't wanna leave this place
'Cause we'll say goodbye to our friends one night
Oh why can't we just wait?
And the year is gonna feel a lot longer
But we cannot wait til’ June When there's no first bell, it will hit me then
That we had to go home too soon

We'll never say goodbye, but now it's sinkin' in That the last time we leave camp, it will end
I guess the hardest part of
gettin' old
Is that this place that we love
won't
Yeah, I thought that going
home would be better
Now I know that's not the
truth
Took the whole last night, just
to say goodbye
And it doesn't matter white or
bue
Yeah, l'Il cry when I leave
From Long Pond to back
home
'Cause I'll never make best
friends like this again
We'll never say goodbye, but
now it's sinkin' in
That the last time we leave
camp, it will end
I guess the hardest part of
gettin' old
Is that this place that we love
won't
[Solo]
And I won't know what to
Do for the rest of summer
Who am I to say, "it's gonna
be okay"?
Became friends with your
brother
When I leave, I'm never
gonna be the same
No more chants in the mess
hall
Every year I'm just gonna
miss this place
No, I don't know what to say
We'll never say goodbye, but
now it's sinkin' in
That the last time we leave
camp, it will end
I guess the hardest part of
gettin' old
Is that this place that we love
won't
I know that I will cry, when I
step off that bus
and

I thought we had more time, too busy growin' up
I guess the hardest part of gettin' old
is that this place that we love won't
Cheer Medley Blame - Calvin Harris

They be sleepin'
Now they're shakin'
With the Journey on the top
They've been burnin' And they're hurtin' This ain't a war that they can win

And they can't find the light
They'll never be free
They'll never be free
They can't find the light
They'll never be free
They'll never be free
And they can't find the light
They'll never be free
They'll never be free
They can't find the light
They'll never be free
They'll never be free

## Watermelon Sugar Harry Styles

It all started on a summer evening
It was already won
They are all buried
Got that winnin' feelin'
Feel so wonderful and
warm
Bring them in
Beat them down
I don't know if they are
ever coming back
I'm just thin...king about

I don't know if I could ever go without,

Beating up on the white! Beating up on the white! Beating up on the white! Beating up on the white!

## Running Up that Hill Kate Bush

Can't stop the blue, we made a deal with God And we're never in those hellish places Been running up that score, they're climbing up this hill
This lead that we're building

This lead that we're building
upside down - mike.
It's how it goes
We screamin GO BLUE
GO
We screamin GO BLUE
GO
We screamin GO BLUE
GO
White take it slow
And Journey up right now, we know we won Blue up right now, we just get what we want right now
White just needs a little bit of love right now, no, yeah

Upside down, yeah they're stuck in the upside down Know we won cuz we're up right now White just needs a little bit of love right now

 BellionWhen did thoughts of winning games?
Become just stranger things?
They're in the upside down We got them buried now, six feet under Singing songs in the rec hall and it's all over, all over

80's Films - Jon Bellion

We're just some 80s kids We'll look up at our blue plaque and let the white team cry
We're just some 80s kids We'll look up at our blue plaque and let the white

## Bang - AJR

Always up never down And we're jumpin around Cause a rumpus and ruckus were comfortable now
Been a hell of a ride But l'm thinkin it's time to go

GO! BLUE! GO!
All we want is 600
It's already won
And we won every split
Still we go for their dome Been a hell of a ride But I'm thinkin it's time to go

## GO!BLUE!GO!

So put your best face on, Everybody Pretend this wars not won, A blue plaque we'll hang! Let's go out with a bang!

GO! BLUE! GO
They're way too dumb to try it's whatever, We're way too bold, they cry
It's whatever
Can't hang
Let's go out with a bang!
GO! BLUE! GO!
Feel like they're gonna
puke,
Cuz that plaque will be blue
Diablo thinks that the plaque will be blue

## Been a hell of a ride

But l'm thinkin it's time to
go
GO! BLUE!GO!
So put your best face on,
Everybody Pretend this
wars not won,
A blue plaque we'll hang! Let's go out with a bang!

GO! BLUE! GO
They're way too dumb to try it's whatever, We're way too bold, they cry
It's whatever
Can't hang
Let's go out with a bang!

## El Diablo

## Make it Shine- Victorious Cast

Diablo here, not your friend
Journey lost until the end
Beat the blue, and snatch their soul
[Pre-Chorus ]
And they don't know where they are now
Maybe they'd come through, but these teens ain't something fear
Come to hell and you're clowns
You're lost in a moment, we sense your fear
[Chorus]
Diablo has to be the greatest in the
West End faction
Look at how we played, White is the main attraction
TV's fantasy, go play D\&D
We'll hang the plaque tonight
And when this war is over, we got
our fire haven
You haven't seen a team this good in
generations
It's our victory and our legacy
Diablo till we die
We arrived, long ago
Mas sabe Diablo
Flying high, burnt the Blue
And it's time to show the world how Elevens a poser, and Hopper moves way too slow
They lost in their show
They just can't hang, down below
[Chorus]
Diablo has to be the greatest in the West End faction
Look at how we played, White is the main attraction
TV's fantasy, Go play D\&D
We'll hang the plaque tonight And when the war is over we got our fire haven
You haven't seen a team this good in generations
It's our victory, and our legacy
Diablo till we die

We'll take all sunshine
They're chasing the fake clocks

| Journey, ready or not |
| :---: |
| Yeah, show us what you got |
| Have fun with your flashlights |
| I dare you, "Come on, and follow" |
| You can't take all this heat |
| Winnings our specialty |
| [Pre-Chorus] |
| In every, "Fight" |
| Our lead, "Grows" |
| When they see, "White" |
| All they wanna do is go, go, go |
| [Chorus] |
| Blue, Blue |
| You'll never beat this team, team |
| The best they've ever seen |
| An 80's theme is lazy |
| Blue, Blue |
| You'll never beat this team, team |
| The best they've ever seen |
| And we both know, the plaque'll say Diablo |
| And when we're together |
| We play fearlessly, theyre so scared War won by day 3 , made this war blitzkrieg |

## forty minutes

Eighty thousand six hundred miles
we ran
Eighty thousand six hundred and
forty minutes
How do you measure the life of a
boy to a man?
[Solo]
In points that we earned, or in
smiles so wide
In truths we learned, or the
moments we cried
It's time now to sing out
Though the story never ends
Let's celebrate, remember our time
At West End
Summer we love
Summer we love
Summer we love
Measure in love
Its West End we love
Its West End we love

Shepherd of Fire-Avenged
Sevenfold
Let's take a moment and break the ice
Show you that journey is done
See there's a joy in watching them
suffer
We know the feeling of being
damned alone
We've got a spirit book of our own
[Chorus]
Don't you see we are the pride, agents of death, bearers of wins We are this war, joined by the
strong, crushing the weak
Know us by name, El Diablo
We're here in our paradise
Journey may serve on their knees
And when they're lost in the darkest
of hours
You know it's Diablo who they see
[Chorus]

Now you know we are the pride, agents of death, bearers of wins We are this war, joined by the strong, crushing the weak
Know us by name, El Diablo
[Verse 3/Solo]
Disciple of the cross and champion in suffering
Immerse yourself into the Kingdom of Redemption
Pardon your mind from the chains of the divine
Make way, the Shepherd of Fire
Through these past five days
We've been known for our hate
Being dealers of simple choices,
It's the white plaque that awaits
We are the pride, agents of death, bearers of wins
We are this war, joined by the strong, crushing the weak Blue team has cracked, Blue team has lost, blue team is done!
We are law, boys bear your scars,
We rule this world
Know us by name, El Diablo

Mr. Blue Sky-Electric Light

## Orchestra

White plaque shining in the sky
There ain't a cloud in sight
They stopped playing, and Diablo
found our way
And don't we know it's a beautiful
new day, in hell
Running down on the blue See how the fire shines brightly Our boy Hades, won't listen to your pity
This hell is here to stay, hey

## [Chorus]

Mr. Blue Team, they cry and scream
They have no heart and are so
weak(So weak)

Where did they go wrong?
Mr . Blue Team, we are sorry
You had to deal with the Connelly's
(Connelly's)
Where did they go wrong?
It's okay your coaches stink
Blue journey is so fake
Don't you see it, Mr. Blue Team was deleted
This the night we've waited for, oh
[Chorus]
Mr. Blue Team, they cry and scream
They have no heart and are so
weak(So weak)
Where did they go wrong?
Hey there, Mr. Blue
We're the team that cannot lose
Look around, what will you do?
Everybody laughs at you
(x2)
Solo:
Mr. Blue, you did it wrong
Take a seat cause you're done It's all over, now journey on our shoulders

All died, we will fight until the We will fight until the end
[Chorus]
Mr. Blue Team, they cry and scream
They have no heart and are so
weak(So weak)
Where did they go wrong?

## Cheer Medley:

First Class- Jack Harlow
We are E-(they took the)-L
(flunked with a)-D-(uh huh)
I-A-B-L-O
We know Joe's mad
400 twice
Devils living our life (x2)
Ladders- Mac Miller
Somehow we always made the play
No matter how many cries it takes
Pitchfork in hand you'll bow
Till your world comes crashing down
Cause your might, turns to fright Everyday

Poor Hop, Season 4 flopped
Enjoy your last meal
Cause were nonstop, white is on top Your demons never been so real Pitchfork in hand you'll bow
Till your world comes crashing down Cause your might, turns to fright
Everyday

## Sightcrawler- Rebelution

Look straight ahead in the distance, oh blue, when Diablo's here
Yeah, you'd better move quick, don't
you know it's Diablo's year
Look straight ahead in the distance, oh
blue, when Diablo's here
Yeah, you'd better move quick, don't you know it's Diablo's year

Now look straight ahead in the distance Yes there's Diablo coming and Journey's defenseless
We raise up, with white as victorious
Before you know it we'll be smiling
with a white plaque, oh yeah
Don't Know Why- AOTD
Diablo won this war
so very quickly, so quickly
Cause when points on the line,
A close game nearing
The devils arise, the devils arise
The score keeps changing
Journey, close your eyes because our
points inflating
Fire all around them and their worlds
decaying
They can't get us out of their minds
The devils arise, the devils arise

## Jimmy Cooks

Yeah, White
Our brothers is all we need
Blue need us to go, but we don't wanna
leave
Rest to Blue, indeed
Yall don't want no smoke we some hell raisers, this a different mode
We gonna paint that plaque white, it's
okay they sold
Heard yall with he Connelly',
They so weak and old
Liam Grabie courtside, OH HELL NO

My Life- J Cole
Diablos all we have
Our fire, our spirit, our wrath
Journey fed us wins, were so hungry,
Well hang that plaque now, so humbly
(x2)

The West End House Camp song we sing today was composed by Al Sherman around 1946; it was first heard at a West End House Show \& Dance at the Statler Ballroom in Boston.

Hundreds of hearts that beat as one
Grateful for all the House has done
As long as the sun is in the sky
The Spirit of the House will never die.
James J. Storrow will always live
Our support we will always give
As long as the sun is in the sky
The Spirit of the House will never die.
When you're one of the boys
You're always one of the boys
And here's one thing you'll do -
You'll always go through
You'll always go through
You'll always go through . . . . .
James J. Storrow will always live
Our support we will always give
As long as the sun is in the sky
The Spirit of the House will never die.
